Dear CSCE Members,

Welcome back to another exciting year for CSCE! The Executive Board and Committee Chairs had a very productive planning meeting in July, and we look to continue where we left off in May.

We have several events scheduled for the year. Our first dinner meeting is Wednesday, September 17th where the CT DOT Commissioner will be giving the “Unofficial State of the DOT” presentation. The Structures Technical Group will have a workshop in October and the Geotechnical Technical Group will hold their annual fall seminar in November (check our Events page on www.csce.org for more information).

Our Younger Members Committee is also planning several events this year, including the annual baseball and hockey game outings. Look for CSCE emails or check www.csce.org.

You may be aware that U.S. Senator Chris Murphy of Connecticut and U.S. Senator Bob Corker of Tennessee proposed a plan that would increase the gas tax to generate additional funds for improving our nation’s roads, bridges, and transit systems. ASCE strongly supports additional investment in infrastructure and raising the gas tax, which is the best option to address immediate needs and provide a good investment in the future. Therefore, I am asking all CSCE members to support the plan.

Last month, we learned that CSCE Member Edward Schmeltz, P.E., F.ASCE was selected to receive an ASCE Lifetime Achievement Award in Design at the OPAL Gala scheduled for March 26, 2015, in Arlington, VA. Congratulations to Mr. Schmeltz for receiving this award and national recognition for his accomplishments!

Hopefully, you have noticed that we hold our monthly meetings at or near each of the five universities in Connecticut that have Civil Engineering programs and ASCE Student Chapters. This activity is something fairly unique for our section and it allows professional members to interact with students. At each meeting, it’s the students who you see first when you check-in. It is a great opportunity for them to interact with practicing professional engineers. They want to know what it’s really like to be a Civil Engineer. These students are the future faces and leaders of our profession - please take an opportunity to introduce yourself and talk about the profession, ask about the courses they are taking, and offer suggestions or share possible employment opportunities. Furthermore, ASCE Student Chapters are always looking for professional civil engineers to serve as practitioner advisors and resources for their senior capstone projects.

I look forward to seeing you at the dinner meeting. I hope everyone had a great summer.

Sincerely,

Kassim Tarhini, P.E., M. ASCE

THANK YOU to our Sponsors!!
The CSCE Younger Members Group will be releasing their Twitter page soon! An email will be sent with the handle name when everything is up and running. Make sure to follow us! #YMRock!

For now you can follow ASCE’s CYM feed @CYM_ASCE.

Younger Members News

The Younger Members Committee held their annual Trail Clean-up this past May. This year the event was held in Middletown and the Younger Members teamed up with the Connecticut Forest & Park Association to rebuild bridges at Highlawn Forest.
ASCE’s Region 1 governor, and the Rochester Section’s State and Regional Affairs Committee chair, passed away after a courageous battle with cancer on July 31, at the age of 62.

Prior to his untimely death, Porter was pursuing the development of his own consulting firm specializing in grant applications, land development, and municipal improvement projects.

Active within ASCE, Porter served as president of ASCE’s Rochester Section and on its Career Guidance Committee. He also served as past chair, secretary, and delegate to the New York State Council and as a delegate and secretary to the Region 1 Assembly and Board of Governors.

The next Region 1 Assembly will be held on September 13 to 14, 2014 in Saratoga, New York.

Special guest: President Randy Over, P.E., F.ASCE.

Agenda:

Saturday, September 13, 2014
12:00 pm - 7:00 pm
Program and Social Event hosted by the Mohawk-Hudson Section

Sunday, September 14, 2014
7:30 am - 12:00 pm
Program hosted by the Mohawk-Hudson Section
12:30 PM - 3:00 pm
Region 1 Board of Governors Meeting

Hotel reservation can be made by calling 518-584-4000

If you have any questions or comments please feel free to contact Mark Rusnica, Region 1 Society Director mrusnica@members.asce.org or Jason Ayotte, Region 1 Governor and Vice Chair jayotte@vhb.com.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor@csce.org.
Are you a recent college graduate. Or about to be? Do you know someone who is? Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”? A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers@csce.org.

NOTICE TO PAST PRESIDENTS

Hopefully you received a notice by email that we are attempting to assemble the Past Presidents Council (PPC). We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at jwaterbury@themdc.com. Looking forward to getting this body of CSCE knowledge and ideas together.

Jason Waterbury, P.E.
CSCE Past President
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.
