Dear CSCE Members,

I want to thank the CT DOT Commissioner Mr. Redeker for giving a dinner talk last month in New Haven about the Activities and Outreach of the Connecticut Department of Transportation. We had a large number of students from the University of New Haven attend the meeting to network and meet practicing Civil Engineers.

Last week, I attended the 2014 Presidents and Governors Forum at ASCE Headquarters in Reston, Virginia. It was very productive and several past section presidents shared their experiences. We also heard from current and future ASCE presidents about the status of ASCE. This month, the ASCE Annual Meeting and convention will be held in Panama to celebrate the 100th anniversary of the Canal.

CSCE has a rich history that combined two outstanding civil engineering organizations in 1981: the Connecticut Society of Civil Engineers that was established in 1884 and the Connecticut Section of ASCE that was founded in 1919. Therefore, we should celebrate our 130 years of CSCE and 95 years of CT Section of ASCE this year. Over the next four years, ASCE has offered to help CSCE prepare to celebrate our 100th anniversary.

To start the process, we can ask current students or Younger Members to reach out to CSCE’s Life Members as well as Past CSCE Presidents to interview them and document their experiences. These experiences and wisdoms can be preserved in a 100th anniversary book. Therefore, I am looking for volunteers and information about CSCE’s Life Members to brainstorm and develop guidelines for these interviews.

ASCE sent out membership dues statements in September. Please update your membership information and submit your dues before Christmas. Thank you in advance for your continuous membership in ASCE and CSCE.

Our next monthly dinner meeting will be at the University of Connecticut – Storrs on October 15th. I look forward to seeing you in Storrs on the 15th or at future CSCE meetings.

Sincerely,

Kassim Tarhini, P.E., M.ASCE
October 2014 Dinner Meeting

Date & Time: Wednesday, October 15th, 2014. 5:30 to 9:00

Location: University of Connecticut, Storrs, CT

Cost: $35 Members, $45 Non-Members, Students $5, Unemployed CSCE Members FREE. Please pay at the door with cash or check payable to CSCE.

Reservations: Please contact Amy Petrone by email at admin@csce.org or by telephone 860-301-8723 by Friday October 10th.

Directions: From I-84, take Exit 68 (Tolland - Route 195). At the end of the ramp, take a right onto Route 195 and drive 7 miles to the University of Connecticut. Just past Mirror Lake on your right, take a right onto Mansfield Road. At the first stop sign, proceed left onto Gilbert Road and then take a left onto Gilbert Extension. The Nathan Hale Inn is straight ahead. Parking is in the lot to the left of the Inn.
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE? Are you interested in being a committee member or serving on the CSCE Executive Board? We are looking for people like you!

Contact our 2014-2015 President Kassim Tarhini at president@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!
Any and all involvement is WELCOME!!

Members of the 2014-2015 CSCE Executive Board

Upcoming Events

October 15 – Monthly Dinner Meeting, Geotechnical Topic, UConn, Storrs
October 22 – Structures Technical Group Workshop (TBD)
November 7 – 17th Annual CSCE-DFI Geotechnical Seminar - Four Points, Meriden, CT
November 18 – Monthly Dinner Meeting, Construction Topic, CCSU
January 9-10, 2015 – Workshop for Section & Branch Leaders (WSBL), Miami, FL
January 28 – Monthly Dinner Meeting, Structures Topic, University of Hartford
February — Joint Engineering Societies Dinner Meeting (TBD)
March 24— Fairfield County Branch Dinner Meeting (TBD)

Bridges 2015 Wall Calendar

ASCE’s 2015 calendar is now available on the ASCE website.

Upcoming Younger Members Events (Mark your Calendars!):

November 13, 2014—Younger Members Social

TECHNICAL PROGRAM*

7:00 AM – 7:30 AM  Exhibitor Set-Up  
7:00 AM – 8:00 AM  Registration | Networking Breakfast | Exhibition  
8:00 AM – 8:15 AM  Welcome and Program Overview  
                   Moderators:  
                   Gary Fuerstenberg, P.E. | Haley & Aldrich, Inc.  
                   George Costa, P.E. | Costa Consulting Engineers  
8:15 AM – 9:45 AM  Minimizing Surprises in Geotechnical Engineering  
                   James K, Mitchell, P.E., ScD | Virginia Tech  
9:45 AM– 10:00 AM  Networking Break and Exhibition  
10:00 AM– 11:00 AM  GeoPiers  
                   Kord J. Wissmann, P.E., Ph.D. | Geopier Foundation Company  
11:00 AM – Noon  Controlled Modulus Columns  
                   Seth L. Pearlman, P.E., D.GE | Menard  
Noon – 1:00 PM  Networking Lunch and Exhibition  
1:00 PM – 2:00 PM  Load Transfer Platforms  
                   James Collin, P.E., Ph.D. | The Collin Group, Inc.  
2:00 PM – 3:00 PM  Construction Over Organic Soil, Ground Improvement (Failures and Near Misses)  
                   Theodore von Rosenvinge, P.E. | GeoDesign  
3:00 PM – 4:00 PM  Lessons Learned - Tales of Two Dams  
                   James K, Mitchell, P.E., ScD | Virginia Tech  
4:00 PM – 4:05 PM  Closing Remarks and Exhibitor Break-Down

*program subject to change

Professional Development Hours: A certificate verifying Florida/New York State approved professional development hours will be issued and is pending approval. Florida State Provider #4072.

Register by Friday, October 17, 2014: $225.00  
Register after Friday, October 17, 2014: $250.00  
Student Registration: $50.00  
DFI Individual Membership - through Dec. 2014: $50.00

Exhibit Table Registration – $180.00  
Table Top Display Only and Does Not include Seminar Registration. Space is Limited.

Registration will be available soon!
ASCE’s Region 1 Assembly was held on September 13, 2014. The keynote speaker for the event was Randy Over, ASCE’s current President. He spoke about ASCE’s three strategic initiatives.

- **Raise the Bar** - adopting and implementing higher academic requirements for future professional engineers.
- **Infrastructure** - improving the health, safety, and welfare of the public by improving the nation’s public infrastructure.
- **Sustainability** - being stewards of society’s physical infrastructure through sustainable planning, design, and construction.

Also at the meeting Robin Kemper announced her intention to run for ASCE president in 2016.

The next Region 1 Assembly will be held in Maine in Spring of 2015.

The Vermont Section of ASCE is releasing their 2014 Report Card on Infrastructure. This report card will provide a comprehensive assessment of current infrastructure conditions and needs, assign grades and make recommendations for how to raise the grades.

As part of this release the Vermont section has planned a release event to be held during the lunch hour across from the State House.

**Thursday, October 16, 2014**
**11:30 am - 1:30 pm**
Capital Plaza, Montpelier, VT

---

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor@csce.org
NOTICE TO PAST PRESIDENTS

Hopefully you received a notice by email that we are attempting to assemble the Past Presidents Council (PPC). We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at jwaterbury@themdc.com. Looking forward to getting this body of CSCE knowledge and ideas together.

Jason Waterbury, P.E.
CSCE Past President

Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact younghermembers@csce.org.

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

October 2014 Page 8
YOUNG PROFESSIONALS

As a younger member (25 years of age or younger), there are many ways ASCE can help you launch your career and continue to advance.

GRADUATED DUES FOR RECENT GRADUATES: Students, upgrade and renew for the reduced dues for your first professional year and the following two years, which provide your subscription to the ASCE Newslettern.

YOUNGER MEMBER GROUP: Get advice on your work environment and start building your network.

P.E. EXAM PREP AND OTHER EDUCATIONAL OPPORTUNITIES: Develop your technical and leadership skills with a wide variety of educational resources.

TECHNICAL KNOWLEDGE: Join one of ASCE’s specialty institutes, free with your membership.

EVENTS AND WEBINARS: None critical career skills by accessing our live Webinars, free to ASCE members. These one-hour Webinars help you grow your professional and leadership skills.

STUDENTS

ASCE student membership is free, and provides you with the tools you need to jump into the industry. ASCE makes it easy to connect with peers and potential employers.

DISCOUNTS: Take advantage of discounts on selected ASCE sponsored conferences, journals, books, and manuals.

NETWORKING: Connect with other civil engineering students and young professionals through the 360-ASCE student chapters around the world.

EVENTS ACTIVITIES AND AWARDS: Attend workshops for student chapter leaders. ASCE also promotes awards to exemplary student organizations and leaders.

COMPETITIONS: Put your classroom knowledge to the test by participating in the ASCE sponsored competition, such as the National Concrete Canoe Competition and National Student Steel Bridge Competition.

SCHOLARSHIP AND FELLOWSHIPS: Check your eligibility for over $75,000 in annual Society scholarships and fellowships.

INTERNSHIPS: Receive internship opportunities on our always current listing contained in the Student section of our website.

TH(^)E LADDER: A newsletter for Students and Younger Members delivered monthly to your inbox that informs you of what’s happening around ASCE and among your peers, and what the Society can do to help you along the way.

CAREER RESOURCES: Find civil engineering internships, jobs, resume help, entry-level salaries, mentoring, and career advice, free with ASCE Career Connects.

READ MORE about the Student experience at www.asce.org/students.

“Banding ASCE as an info in your own career is a great way to supplement your education. It was a great resource when you were in school and help you as you get your career off the ground. It’s a way to bridge the gap from formal education to the professional world.”

Regional Leader, P.E., M.ASCE

EXPLORE ADDITIONAL BENEFITS of membership at www.asce.org/benefits.

MID TO LATER-CAREER PROFESSIONALS

For those members with years of industry experience, ASCE remains as vital a resource as ever—not only for information and news, but also for the many opportunities to give back and get involved.

MANAGEMENT AND TECHNICAL RESOURCES: Utilize our wealth of information to sharpen your skills and keep you career on track.

LEADERSHIP AND ADVANCED PROGRAM: Promote exceptional achievement within your organization.

ADVICE: Serves as one of ASCE’s government relations committees or becomes a P.E. Leader to receive advice on public policy issues.

NETWORKING: ASCE benefits, branches, institutes, and Technical Activities are your road to the professional building teams.

FUTURE PLANNING: Take advantage of ASCE’s services when planning for what’s next in your personal and professional life. Obtain discounts on the insurance, estate planning, and other personal products.

TECHNICAL OF PROFESSIONAL COMMITTEE PARTICIPATION: Share your knowledge about technical or professional issues by participating in a committee.

DISCOVER MORE BENEFITS for Younger Members at www.asce.org/yngmember.

EXPLORE ADDITIONAL BENEFITS of membership at www.asce.org/benefits.

LIFE MEMBERSHIP FOR ELIGIBLE MEMBERS

Accept your reward for your lifetime commitment to ASCE and this profession. Life Members are exempt from paying annual dues to maintain their Society membership.

“Membership means more to me now. ASCE’s continuing education world challenges and programming have kept me current through my many changes over my working career. I have enjoyed practical and professional programming in the US and abroad. My AFIP involvement with ASCE has given me a wonderful boost to my career.”

Fred Devereaux, P.E., ASCE
EMPLOYMENT CLASSIFIEDS

**AECOM - Experienced Bridge Engineer** - Job Posted: May 5 2014

Experienced Bridge Engineer needed to join our Transportation Group in Rocky Hill, CT. Work with a well-established and very successful group that offers a diverse range of projects, technical challenges and career development opportunities.

- Structural Engineer with 6-12 years' experience, primarily in bridge design
- Experience with CTDOT, MassDOT or other State DOT’s
- P.E.
- Project management skills

Apply to www.aecom.com/careers (#89898BR). AECOM is an Equal Opportunity Employer.

**AECOM - Professional Engineer I - Water/Wastewater** - Job Posted: December 16 2013

AECOM is currently seeking a Professional Engineer I - Water/Wastewater for our office in Rocky Hill, CT.

- BS in Civil or Environmental Engineering
- CT PE License and 5-10 years' experience in design and construction of water/wastewater infrastructure
- Must have ability to manage project scope within assigned budget

Please apply on-line to: www.aecom.com/careers (Requisition # 92923BR). AECOM is an Equal Opportunity Employer.

**AECOM - Senior Water/Wastewater Design Manager** - Job Posted: October 10 2013

Exciting career opportunity to work on the largest and most complex CSO tunnel project in New England (Hartford Metropolitan DISTRICT’s South Hartford Conveyance and Storage Tunnel project). This role focuses primarily on design of large diameter municipal sewers and water mains utilizing open cut and trenchless technologies. The position will have tremendous growth potential and the ability to become a technical leader.

Minimum Requirements:
- BS Civil Engineering
- Registered PE
- 10+ Years of experience in the design of water and/or wastewater pipelines

Please apply online at www.aecom.com/careers (Requisition# 87881BR). AECOM is an Equal Opportunity Employer

**Alfred Benesch & Company - Civil Project Engineer** - Job Posted: August 23 2014

B&B Engineering is looking for an ambitious senior staff engineer to help with our growing workload of site/civil and hydraulic engineering. Candidate should possess a BSCE in civil engineering and have 3-5 years experience in similar projects. Experience with AutoCAD, Microsoft Office, excellent client & municipal communication is required. Email cover letter and resume to contact@bbengrs.com.

**B&B Engineering - Senior Staff Engineer** - Job Posted: August 23 2014

B&B Engineering is looking for an ambitious senior staff engineer to help with our growing workload of site/civil and hydraulic engineering.
