Dear CSCE Members,

I wanted to thank the leaders of the Geotechnical Committee and DFI for organizing and running a GREAT seminar on 07 November, 2014. Also, I want to thank the Student Chapter at University of Connecticut for hosting CSCE dinner meeting last month. We had a large number of students who attended the meeting to networked and meet practicing Civil Engineers.

Midterm elections are over and there will be changes in the Senate Leadership. I am hoping this change will start helping us invest in our rebuilding the U.S. infrastructures. It is also an opportunity for engineers to get involved in the political system and voice our opinions in supporting ASCE initiatives to improve our aging infrastructures. On behalf of CSCE, Chair of the Government Committee will be very busy this coming legislative session working with other engineering organizations in the state in order to advance ASCE engineering issues.

ASCE sent out membership dues statements in September, please update your membership information and submit before Christmas. Thank you in advance for your continuous membership. Contrary to what some members think that we are making so much money from our events. CSCE depends on collecting membership dues which has been critical in subsidizing monthly dinner meetings, annual seminars, student scholarships, Achievement in Civil Engineering Awards dinner, and cover some of the expenses of two new officers that attend ASCE Leadership Workshops. CSCE Board members endorse what we charge professional members, students, retired members, and the unemployed engineer at the various functions. We are grateful for all current and past CSCE Board members and the numerous volunteers that ensure a very active Civil Engineering Section. These volunteers invest their time and pay in full (no discount) to attend CSCE functions. We are always looking for volunteers and new ideas to explore.

Our next monthly dinner meeting will be at Central Connecticut State University. Look forward to seeing you on the 18th or at future CSCE meetings.

Wishing all engineers and their families Happy Holidays and a Prosperous New Year.

Sincerely,

Kassim Tarhini, P.E., M. ASCE
November 2014 Dinner Meeting

Date & Time: Tuesday, November 18th, 2014. 5:30 to 9:00

Location: Central Connecticut State University, Memorial Hall, 1615 Stanley Street, New Britain, CT

Cost: $35 Members, $45 Non-Members, Students $5, Unemployed CSCE Members FREE. Please pay at the door with cash or check payable to CSCE.

Reservations: Please contact Amy Petrone by email at admin@csce.org or by telephone 860-301-8723 by noon on Friday November 14th.

Topic: Status of Accelerated Bridge Construction [ABC] in the State of Connecticut presented by Tim Fields (CTDOT), Mary Baker (CTDOT), and Mike Culmo (CME Associates).

Directions:

From the North, East or West:
1. From the North (Massachusetts) - Take 91 South to 84 West to Exit 39A, to Route 9 South.
2. From the East (Hartford) or the West (Danbury/Waterbury), take I-84 East to Exit 39A to Route 9 South.

Once on Route 9 South, get off at Exit 29 and take a right at the end of the exit ramp onto Ella T. Grasso Boulevard. At the third traffic light, take a left into the Student Center Parking Lot and feel free to park in the garage in cases of inclement weather.

From the Southwest or Southeast:
1. From the Southwest (Stamford/New Haven) - Take 95 North to 91 North to Exit 22 North, to Route 9 North.
2. From the Southeast (Groton/New London) Take 95 South to Rte. 9 North.

Once on Route 9 North, take Exit 29 (Route 175). At the traffic light at the end of the exit ramp, go straight and follow Fenn Road to the second traffic light, and take a left turn onto Ella T. Grasso Boulevard. At the fourth traffic light, take a left into the Student Center Parking Lot and feel free to park in the garage in the event of inclement weather.
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE? Are you interested in being a committee member or serving on the CSCE Executive Board? We are looking for people like you! Contact our 2014-2015 President Kassim Tarhini at president@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!
Any and all involvement is WELCOME!!

Upcoming Events

November 18 – Monthly Dinner Meeting, Construction Topic, CCSU
January 9-10, 2015 – Workshop for Section & Branch Leaders (WSBL), Miami, FL
January 28 – Monthly Dinner Meeting, Structures Topic, University of Hartford
February – Joint Engineering Societies Dinner Meeting (TBD)
March 24 – Fairfield County Branch Dinner Meeting (TBD)
April 8 – Monthly Dinner Meeting, Water Resources Topic, U.S. Coast Guard Academy
April 10 – CSCE-DFI Geotechnical Workshop, University of New Haven

Bridges 2015 Wall Calendar

ASCE’s 2015 calendar is now available on the ASCE website.

Upcoming Younger Members Events (Mark your Calendars!):

November 13, 2014 – Younger Members Social
6:30pm
BAR
254 Crown Street
New Haven CT 06511

Member of the 2014-2015 CSCE Executive Board
ASCE's Region 1 Assembly was held on September 13, 2014. The keynote speaker for the event was Randy Over, ASCE's current President. He spoke about ASCE's three strategic initiatives.

Raise the Bar - adopting and implementing higher academic requirements for future professional engineers.

Infrastructure - improving the health, safety, and welfare of the public by improving the nation’s public infrastructure.

Sustainability - being stewards of society’s physical infrastructure through sustainable planning, design, and construction.

Also at the meeting Robin Kemper announced her intention to run for ASCE president in 2016.

The next Region 1 Assembly will be held in Maine in Spring of 2015.

The Vermont Section of ASCE is releasing their 2014 Report Card on Infrastructure.

This report card will provide a comprehensive assessment of current infrastructure conditions and needs, assign grades and make recommendations for how to raise the grades.

As part of this release the Vermont section has planned a release event to be held during the lunch hour across from the State House.

Thursday, October 16, 2014
11:30 am - 1:30 pm
Capital Plaza, Montpelier, VT

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor@csce.org
ASCE IS ON A MUSICAL MISSION... WHY AREN'T THERE MORE SONGS ABOUT CIVIL ENGINEERING?

SHOW US WHAT YOU'VE GOT...
Bring your best moves. Release your renegade of funk. Wake up the cool kid inside you. Show off those great vocals, and you just might create the fresh, new sound we’re looking for.

ANNOUNCING THE 2014 MUSIC VIDEO CONTEST FOR STUDENTS AND YOUNGER MEMBERS

Create a short video parody of a popular song, or create your own song; include lyrics that align with your experience as a civil engineering student or civil engineer, and you could win money for your Student Chapter or Younger Member Group. Videos will be judged on content, creative delivery and relevancy to the profession of civil engineering. (See contest rules.)

GRAND PRIZE: $5,000 (Now that's a fundraiser!) Prizes will be awarded to the top videos in two categories: Student Videos and Younger Member Videos. Grand Prize winners will receive $5,000 to be awarded to an ASCE Student Chapter or Younger Member Group of their choosing. Those who submit the first 100 qualified entries will receive a $100 Entry Bonus just for entering!

FACE THE MUSIC
Contest winners will be announced on Facebook, Friday, December 19. The winning videos and honorable mentions will be posted on ASCE’s YouTube channel.

DON'T DELAY!
CONTEST DEADLINE
DEC. 12, 2014
SUBMIT YOUR ENTRIES AT HTTP://WOODO.COM/VHV8X9
NOTICE TO PAST PRESIDENTS

Hopefully you received a notice by email that we are attempting to assemble the Past Presidents Council (PPC). We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at jwaterbury@themdc.com. Looking forward to getting this body of CSCE knowledge and ideas together.

Jason Waterbury, P.E.
CSCE Past President

Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers@csce.org.

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

Loureiro Engineering Associates, Inc. - Structural Engineer - Job Posted: October 26 2014

Loureiro Engineering Associates, Inc. (LEA), a fast-growing and dynamic employee-owned multi-disciplinary engineering consulting company, has an immediate opening for a Structural Engineer in our Plainville, CT headquarters office.

Our goal is to employ the right individual to be a part of our team, learning and working with experienced professionals who will help provide the formal training and mentoring needed to grow professionally and strive toward the opportunities that LEA can offer. You will work on a number of diverse projects and will be able to see how the Company's core values—integrity, client satisfaction, quality, work environment, safety and health, and sustainability are instilled in every project and in every employee.

Key responsibilities include: facilitate structural design of engineering plans from preliminary through construction phases; serve as project manager or project engineer and as a designated client contact; direct and supervise other engineers activities; handle routine contract administration; responsible for project schedules and timely completion of projects; prepare or modify reports, specifications, plans, and designs for projects; attend client meetings; and prepare design computations both manually or computer generated.

Requirements: BS degree in Civil Engineering (Master's degree preferred) with at least 8 years' experience in building design using steel, concrete, masonry, and timber structural systems; CT PE or the ability to transfer registration from another State; experience with both AutoCAD and Revit software a must; experience using RAM Structural Systems or other 3-D structural analysis software required; strong organizational and communication skills; multi-task oriented; polished/professional demeanor; works well as a team member, providing support and coordination with team; positive attitude; proficient using Microsoft Office Applications.

If this describes you, and you would like to be considered for a position on our team, we would like to hear from you. Apply online to Resume@Loureiro.com. We offer a competitive salary and a well-rounded, comprehensive benefits package.

Martinez Couch & Associates, LLC - Site/Civil Project Engineer - Junior and Mid-level Candidates - Job Posted: October 25 2014
