Dear CSCE Members,

Happy March and Happy Spring. We are finally seeing the snow melting and the sun is warming this region. I want to thank the Student Chapter at the University of Hartford for hosting our re-scheduled dinner meeting on 19 February. I want to thank Mr. Joseph Mumber, P.E. of Parsons Brinckerhoff for discussing the project “Rehabilitation of the Pulaski Skyway Viaduct.”

We are accepting applications for the Achievement in Civil Engineering Awards that will take place Wednesday, May 20, at the Aqua Turf Club. Therefore, it is time to start the application process by downloading the ACE Award Application from the website. The deadline to submit applications is March 31, 2015. The ACE Award registration and sponsorship forms are also available on our website. We look forward to seeing your outstanding projects by the end of the March and recognize your accomplishments at the ACE Awards Banquet.

The CSCE Board is pleased to announce three new individual awards that will be presented at the Annual ACE Awards Dinner. These awards will recognize ASCE/CSCE members for their outstanding contributions to the Civil Engineering profession. Anyone can nominate an individual who best exemplifies the Civil Engineering profession. Please recognize the accomplishments of your colleagues by nominating them for the Civil Engineer of the Year and/or Educator of the Year. Nomination form and criteria are available on the website.

Our next monthly dinner meeting will be hosted by Fairfield County Branch on Tuesday, March 24th. The speaker will be Mr. Enstice of Trimble MEP Division who will be talking about the 3D Laser Scanning Surveying Technologies. I look forward to seeing you on the 24th or at future CSCE meetings. Also, in April, we will be honoring Civil Engineering Students at our dinner meeting at the U.S. Coast Guard Academy. Finally, registration is open for DFI-CSCE spring Geotechnical Workshop that is scheduled for April 10 at the University of New Haven. Please take advantage of those awesome outreach and educational opportunities in Connecticut.

Kassim Tarhini, P.E., M. ASCE
The CSCE Younger Members Group will be releasing their Twitter page soon! An email will be sent with the handle name when everything is up and running. Make sure to follow us! #YMRock!

For now you can follow ASCE’s CYM feed @CYM_ASCE.

March 2015 Dinner Meeting

Date & Time: Tuesday, March 24th, 2015. 5:30 to 9:00
Location: SBC Brewery
2600 Post Road
Southport CT
Cost: $35 Members, $45 Non-Members, Students $5, Unemployed CSCE Members FREE. Please pay at the door with cash or check payable to CSCE.
Reservations: Please contact Amy Petrone by email at admin@csce.org or by telephone 860-301-8723 by noon on Wednesday March 18th.
Topic: 3D Laser Scanning presented by Drew Enstice, Northeast sales Manager, Trimble
Directions:
From Interstate 95 Northbound: Take exit 19, go straight until you get to Route 1 (Post Road). Turn right on the Post Road. The SBC Brewery will be on the left.
From Interstate 95 Southbound: Take exit 20, make a left off the ramp and a left at the next stop sign, Next, take a left at the next stop sign and then take a left at the next stop sign into the Brewery’s parking lot.

The Geo-Institute (GI) and Structural Engineering Institute (SEI) of the American Society of Civil Engineers (ASCE) are coming together to create this first-of-its-kind event. By combining the best of both Institutes’ annual conferences into one unique conference, attendees will benefit from unmatched networking opportunities with colleagues within and across disciplines. And, you can be a part of the excitement.

Submit your abstract or full session proposal by April 7, 2015 for the Geotechnical and Structural Engineering Congress 2016.

The Program Committee seeks dynamic, relevant sessions and presentations addressing both geotechnical and structural engineering issues. Consider submitting an abstract or session proposal for one of the identified topics or subtopics that will interest both professions. Below are some of the topics envisioned:

- Soil Structure Interaction
- Geotechnical and Structural Elements of Foundation and Retaining Wall Design
- Soil Behavior and Performance
- Professional Practice
- Traditional Geotechnical and Structural Topics

Have questions about Proposals or Submissions?

GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE?
Are you interested in being a committee member or serving on the CSCE Executive Board?

We are looking for people like you!
Contact our 2014-2015 President Kassim Tarhini at president@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!
Any and all involvement is WELCOME!!

Members of the 2014-2015 CSCE Executive Board

March 24 – Fairfield County Branch Dinner Meeting, SBC Brewery, Southport, CT
April 8 – Monthly Dinner Meeting, Climate Change: Assessing Risk and Building Resilience, U.S. Coast Guard Academy
April 10 – CSCE-DFI Geotechnical Workshop, University of New Haven
May 20 – 8th Annual Achievement in Civil Engineering (ACE) Awards, The Aqua Turf, Plantsville, CT

ASCE is looking for striking photographs of bridges, taken in the United States or abroad, that highlight design and engineering achievements of civil engineers.

To enter visit ASCE on Facebook: facebook.com/ASCE.org
Or email: bridgephotos@asce.org
The ASCE 2015 Convention will be held in New York, NY from October 11th to the 14th, 2015. Civil Engineering leaders from across the country will come together to get the edge on today's trends and techniques and create connections necessary for success.

It is the single annual opportunity that the entire Society is represented together, and therefore needs to reflect the diversity that ASCE encompasses. The program for the Convention will be of an integrated, cross-cultural, technical, and educational nature.

We are seeking the very best, most relevant, and most thought-provoking ideas in the following areas:

- State of the Industry/Profession
- Training (Leadership, Professional, Technical)
- Cross-Discipline Technical
- Causes, Effects, and Mitigation of Natural and Man-made Catastrophes
- ASCE Strategic Issues/Public Policy
- Significant Projects
- History & Heritage

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor@csce.org
Fifth Annual CSCE-DFI Geotechnical Spring Workshop

Workshop Title: Subsurface Explorations and Field Testing – Current Practice

Date: April 10, 2015

Location: University of New Haven, West Haven Connecticut

Speaker: David K. Crapps, Ph.D., P.E.
- B.Sc. (Civil Engineering) Georgia Institute of Technology, Atlanta, GA
- M.A.Sc. (Sanitary Engineering) Georgia Institute of Technology, Atlanta, GA
- Ph.D. (Geotechnical Engineering Specialty) University of Florida, Gainesville, FL

Topics:
SPT Testing
Bored Piles (Drilled Shafts)
Dilatometer Testing
Solving Complex Problems in Geotechnical Engineering

New York State PDHs:
6 to 8 PDHs pending NYS PIE approval

Summary:
Dr. Crapps has published several technical papers and has served as Geotechnical Engineer-of-Record for many significant projects illustrating the workshop topics. Topics include drilled shafts, SPT Testing, Dilatometer Testing, and Solving Complex Problems.

Registration Fees:
Early Registration (before March 14) $225
Late Registration (after March 14) $250
Student Registration (ID Required at Registration) $50

Contact Information:
Phone: 973-423-4030
Fax: 973-423-4030
Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”?  
A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers@csce.org.

NOTICE TO PAST PRESIDENTS

Hopefully you received a notice by email that we are attempting to assemble the Past Presidents Council (PPC). We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at jwaterbury@themdc.com. Looking forward to getting this body of CSCE knowledge and ideas together.

Jason Waterbury, P.E.
CSCE Past President

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

EMPLOYMENT CLASSIFIEDS

**Business Opportunity - Geotechnical Engineer** - Job Posted: October 20 2014
Established 35 plus years, geotechnical consultant with solid client base looking to retire. Main work area consists of Westchester County, S.W. CT and Northern N.J. (and surrounding 100 mile radius). 2013 sales 150K. Growth potential limited only by your goals. Contact: CTNYgeoconsultant@gmail.com.

**AECOM - Experienced Bridge Engineer** - Job Posted: May 5 2014
Experienced Bridge Engineer needed to join our Transportation Group in Rocky Hill, CT. Work with a well-established and very successful group that offers a diverse range of projects, technical challenges and career development opportunities.
- Structural Engineer with 6-12 years' experience, primarily in bridge design
- Experience with CTDOT, MassDOT or other State DOT’s
- P.E.
- Project management skills
Apply to www.aecom.com/careers (#89898BR). AECOM is an Equal Opportunity Employer.

**AI Engineers, Inc.** – Job Posted November 27 2014
AI Engineers, Inc. is a full service engineering firm specializing in Civil, Sustainable Design and Construction, M/E/P, Construction Management, Construction Inspection, Utilities/Power, Design-Build, Bridge Engineering, and Survey. For the past 23 years we have been providing services to federal, state, municipal and private clients throughout the Mid-Atlantic and Northeastern states. Check our website for a list of open positions. www.aiengineers.com. Email resumes to hr@aiengineers.com.

**Alfred Benesch & Company - Civil Project Engineer** - Job Posted: August 23 2014
B&B Engineering is looking for an ambitious senior staff engineer to help with our growing workload of site/civil and hydraulic engineering. Candidate should possess a BSCE in civil engineering and have 3-5 years experience in similar projects. Experience with AutoCAD, Microsoft Office, excellent client & municipal communication is required. Email cover letter and resume to contact@bbengrs.com.

**Allied Engineering – Civil Engineer** – Job Posted November 24 2014
A Civil Engineer is needed for Allied Engineering, a family friendly civil engineering firm in North Canaan, CT. Our firm provides site development, structural engineering, architectural engineering, and landscape architecture services for residential, commercial, municipal and industrial clients in CT & MA. Candidates should have a minimum of 5 years of engineering experience and experience with AutoCAD. Please email cover letter and resume to George Johannesen at allied-engineering@snet.net.

**B&B Engineering - Senior Staff Engineer** - Job Posted: August 23 2014

**Fuss & O’Neill – Civil Engineer** – Job Posted January 9 2015
Fuss and O’Neill in Manchester, CT is seeking an experienced Civil Engineer to work on projects including dam inspection, design and repair; stormwater; hydrology/hydraulics; and more. The ideal candidate will have:
- Bachelor's Degree in Civil Engineering
- 0-2 years of experience
- EIT registration
- Intermediate AutoCAD experience/some HydroCAD and HEC RAS experience
To Apply: www.fando.com/careers/current_openings or email aryczko@fando.com
Fuss and O’Neill, Inc. is proud to be an AA/EEO Employer!

**Fuss & O’Neill – Civil Engineer** – Job Posted January 30 2015
Fuss and O’Neill is seeking an experienced Civil Engineer to join our Site/Civil Engineering team to work on projects including land development; municipal engineering & permitting.
Position Requirements
- Bachelor’s degree in Civil Engineering
- 3-7 years of experience
- EIT required
- Intermediate skills in AutoCAD
- Knowledge of stormwater management design required
This position will reside in our Manchester, CT office.
To apply – email aryczko@fando.com

**Fuss & O’Neill – Environmental Compliance Engineer** – Job Posted December 30 2014
Fuss and O’Neill is seeking an experienced Environmental Engineer to work on projects including wastewater discharge permits; preparing/submitting Tier II & Toxic Release Inventory Reports; air permitting and more.
Position Requirements
- Bachelor's degree in Civil or Environmental Engineering
- 3-4 years’ experience
- EIT preferred
- AutoCAD knowledge a plus
- Environmental permitting and technical report writing experience
To apply – email aryczko@fando.com
EMPLOYMENT CLASSIFIEDS (continued from page 13)

**Fuss & O’Neill, Inc – Project Manager** - Job Posted: January 30 2014
Fuss & O’Neill is seeking a Project Manager to join our Water & Natural Resources team to work on projects including dam inspection, design & repair; stormwater; hydrology and hydraulics; coastal and floodplain restoration; waterfront infrastructure.

Position Requirements
- Bachelor's degree in Civil Engineering
- 7-10 years experience
- PE required
- Intermediate AutoCAD skills
This position will reside in our Manchester, CT office. To apply – email aryczko@fando.com

**GeoDesign, Inc. - Staff Geotechnical Engineer - CT** - Job Posted: October 31 2014
We are seeking a staff level geotechnical engineer preferably with experience in subsurface exploration, laboratory testing, soil and rock mechanics and foundation design. The position requires a Bachelor's Degree in Civil Engineering or a Master's Degree in Civil Engineering (geotechnical specialization) with up to 5 years related experience. The position includes diversified field and office duties. Environmental, geo-structural and CADD experience a plus. Please contact hr@geodesign.net.

**Loureiro Engineering Associates, Inc. – Project Manager** - Job Posted: February 2 2015
Loureiro Engineering Associates, Inc. (LEA), an employee owned, full-service multi-disciplinary engineering and construction firm located in Plainville, CT, has an immediate opportunity in our Civil/Survey Division for a Project Manager.

Key responsibilities include: timely and accurate completion of projects assigned; assuring that the clients receive the designs, reports and opinions described in the contract and that the cost of the project is within established budgets; actively participating in marketing the firm's services; preparing proposal estimates of time and expense to complete projects; determining major project design decisions in conjunction with the client; assigning duties to the project team while monitoring progress; and maintaining close relationship with the client throughout and after the project completion.

Requirements: Bachelors degree in Engineering and at least 8 years' experience in site planning and design, utility design, drainage and stormwater management, land use permitting and roadway design with at least 3 years supervisory experience. Experience in dam inspection and wastewater treatment a plus. Must hold Connecticut P.E. license.

We offer a competitive salary and comprehensive benefits package. Apply online to Resume@Loureiro.com. EOE/AA

Are you an experienced Civil Engineer currently transitioning back into the workforce? MCA is looking to complement our team with multiple Civil Engineers who have 5 or more years’ experience. P.E. preferred not required. Perfect opportunity for someone who needs flexibility and can’t yet commit to a full time position. Experience with any of the following would be useful: AutoCAD, Civil 3D, MicroStation, Storm, Sanitary, Wastewater, GRADING, Structural Design, Pump Station Design, MEP.

Please send your resumes to kheath@martinezcouch.com.
MCA is an equal opportunity employer.

We anticipate publishing six to eight newsletter issues per year. There are approximately 1,600 CSCE Members who will receive the Newsletter electronically. Website employment opportunities or sponsorships will be posted to www.csce.org for 30 days unless request for and payment is received for additional 30-day periods.
The Connecticut Society of Civil Engineers presents the Eighth Annual
ACHIEVEMENT IN CIVIL ENGINEERING
ACE AWARDS PROGRAM

The Connecticut Society of Civil Engineers (CSCE) Section of the American Society of Civil Engineers aims to enhance the professional growth of its individual members, the advancement of engineering knowledge, the maintenance of high professional standards, to promote Civil Engineering education, to foster student membership and participation and cooperation with other engineering societies, in a manner consistent with the objectives of ASCE.

CSCE is honoring the design and construction achievements of Connecticut Civil Engineers. These Achievements in Civil Engineering Awards or “ACE” Awards will commend projects on which significant engineering expertise or innovation was exhibited by Connecticut Engineers and especially CSCE members. The ACE Awards will distinguish the projects, and thereby honor the overall contributions of numerous engineers and other team members.

At our May 20, 2015, dinner event at the Aqua Turf Club in Plantsville, CSCE will present the Annual ACE Award and Award of Merit in some or all of the following categories: Geotechnical, Structural, Transportation, Water Resources, Environmental, and Planning. Special Awards will be presented for Construction and Sustainability from among the applications. CSCE will also recognize its members who were key participants on winning project teams.

To be eligible, a project must have been planned, designed, or constructed substantially between January 1, 2014 and December 31, 2014, in Connecticut. Additionally, ASCE/CSCE members and non-members can submit projects related to: planning, design, and/or construction. Completed ACE Awards Application should include a Cover Sheet (see other side of sheet) and the following materials:

- Synopsis of the project in 250 words or less.
- A narrative (no more than three pages) explaining why the project deserves a CSCE ACE Award.
- Up to 6 individual photographs (in printed and digital formats) that provide a visual depiction of exceptional or innovative aspects of the project (selected photographs will be included in the dinner event program).
- All projects will be judged for “sustainability” and a special award will be given to one project that demonstrates incorporation of the ASCE Sustainability elements
- A list of CSCE members involved and a summary of their significant contribution.
- Newspaper articles
- An electronic pdf file on a CD of the complete application and supporting materials.
- Client testimonials or recommendations.
- Any other materials that will assist in evaluating the merits of the project.

CSCE encourages firms that functioned as sub-consultants to submit individually or partner with the prime engineering firms to submit an application.

There is no application fee for ASCE/CSCE members but a required fee of $300 for non-ASCE/CSCE members. All applications must be received by CSCE no later than Tuesday, March 31, 2015. Prior to submitting an application, please ensure that all necessary permissions have been obtained from the owner (and other project team members) to allow for the disclosure of information about the project and team members, and photographs of the project. Limit one category per project phase/segment. The same application cannot be submitted for multiple categories, however different segments of a project may be submitted under the appropriate category for that work. One project may have different segments submitted under different categories, however the same segment or phase may not be included in more than one category.

Each application will be evaluated by a jury established by the CSCE Executive Board, based upon the following criteria:

- Advancement and innovation in the field of civil engineering;
- Contribution to the well-being of people and communities;
- Excellence in the management of the design and/or construction process;
- Accomplishment of project objectives in the face of significant challenges;
- Ingenuity in construction techniques, materials or design;
- Client satisfaction.

After the presentation of the awards, CSCE will send out a press release recognizing all projects and team members receiving ACE Awards. Additionally, 2015 ACE Award recipients will be noted in the program for CSCE’s 2016 ACE Awards dinner and in the 2015 Annual Report. For more information, please contact CSCE President Kassim Tarhini (860) 861-3905 / president@csce.org or CSCE President-Elect Gary Fuerstenberg (860) 290-3139 / president-elect@csce.org

Please submit the following: (1) Synopsis of project (brief description in 250 words or less), (2) Narrative (no more than three pages) explaining why the project deserves an ACE Award; (3) List of CSCE members involved and a summary of their significant contribution; (4) Up to 6 Photographs (in printed and digital formats); (5) client testimonials or recommendations; (6) newspaper articles; (7) any other materials that will assist in evaluating the merits of the project; (8) Electronic pdf file on CD of all material submitted; (9) $300 fee for non-ASCE/CSCE members.

This completed form is the cover sheet of your application package. Please submit the application electronically as a pdf file via email to admin@csce.org and mail four (4) copies of the application package to the Connecticut Society of Civil Engineers, P.O. Box 1101, Deep River, CT 06417, so that it is received no later than Tuesday, March 31, 2015.
2015 ACE Awards

Dear Colleague:

As the President of the Connecticut Society of Civil Engineers, I invite you to participate in CSCE’s Eighth Annual Achievement in Civil Engineering (“ACE”) Awards program where CSCE will honor the planning, design, and construction achievements of Connecticut Civil Engineers. These Awards, which will be given out at CSCE’s May 20, 2015 dinner event at the Aqua Turf Club in Plantsville, Connecticut, will commend projects on which significant engineering expertise or innovation was exhibited. The ACE Awards will distinguish these projects, and thereby honor the overall contributions of numerous engineers and other team members. The project categories include:

- Planning
- Transportation
- Geotechnical
- Water Resources
- Structural
- Environmental

On the following page, please find information regarding the sponsorship opportunities for the dinner event. Please show your firm’s support by returning these forms to: Connecticut Society of Civil Engineers, P.O. Box 1101, Deep River, CT 06417. You may contact Amy Petrone, CSCE Administrative Assistant at admin@csce.org or at (860) 301-8723 if you have any questions about the 2015 ACE Awards.

I look forward to your participation in this wonderful event where several outstanding projects – and the engineers who made them possible – will be recognized.

Sincerely,

Kassim Tarhini, P.E.
President
