Dear CSCE Members,

The Achievement in Civil Engineering (ACE) awards dinner meeting is 11 May 2016. Please register online at CSCE.ORG. Individual members and projects will be recognized. I cannot announce who the winners are now – need to leave a little suspense for 11 May. The ASCE President-Elect, Norma Jean Mattei, will speak briefly and install the officers for the 2016-2017 CSCE term. I have personally met Ms. Mattei, she will represent ASCE well. I hope to see you at the ACE awards meeting.

On April 8, the Geotechnical committee held the Spring Geotechnical Workshop was held at the University of New Haven. Mr. Sam Brandimere and Mr. Mike Miluski spoke about compaction grouting. Attendees earned 7 New York State PDHs and were given ASCE’s Compaction Grouting Consensus Guide (ASCE Standard 53-10).

CSCE and Quinnipiac University hosted the ASCE Region 1 meeting on April 8 and 9. Thanks to Professor John Greenleaf and Billy Cunningham for helping organize the meeting.

Earlier this year, ASCE granted CSCE a new student chapter at Quinnipiac University. Thanks to Robert Gomez for supporting the student chapter application.

On 4 April 2016, ASCE granted ASCE our first institute - Connecticut Valley Geo-Institute. The institute will continue to offer profession development events and is considering preparing a special geotechnical publication on the unique Connecticut Valley Varved Clay.

Efforts to prepare a state report card continue under the leadership of Omkar Jambotkar and the report card committee.

The CSCE calendar is busy. Please see the events page at CSCE.ORG.

Work and play safe.

Sincerely,

Gary J. Fuerstenberg, P.E.
February 19, 2016

John Greenleaf, P.E., M.ASCE
275 Mount Carmel Avenue
Mail Stop: TH-ENR,
Hamden, CT 06518

Dear Professor Greenleaf,

Congratulations! On behalf of ASCE Headquarters and the Region 1 Board of Governors, I am pleased to inform you that your request to establish an ASCE Student Chapter at Quinnipiac University has been approved. Under separate cover, I am sending your Student Chapter’s charter certificate.

This letter also includes your Student Chapter’s fact sheet. The fact sheet details information we have on record for your Student Chapter and should be kept in your files as a resource. If at any time the information on the fact sheet changes, we would appreciate it if you would keep us informed so our records are up to date.

Attached is the ASCE Student Organization Handbook for use by your Student Chapter. The Faculty Advisor (FA) and Practitioner Advisors (PA) on record have been added to our FA and PA email lists, which are our primary methods of communication. We suggest you create a generic email address for your Student Chapter (e.g., asce@school.edu or schoolasce@gmail.com) that can be used by your student officers from year to year. Please let us know what that generic email address is, and we will add it to our database.

Again, congratulations on the establishment of the Quinnipiac University, ASCE Student Chapter. If you have any questions, please do not hesitate to contact ASCE Student Services at student@asce.org.

Regards,

Leslie Payne

ASCE student chapter at Quinnipiac University approved!

American Society of Civil Engineers

STUDENT ORGANIZATION

CHAPTER

Pursuant to the organization of the

Quinnipiac University

Student Chapter

of the American Society of Civil Engineers

on February 11, 2016

the Region 1 Board of Governors has caused this Charter to be issued and by it

grants to said Student Chapter all of the rights and privileges provided

in the Constitution and Bylaws of the Society.

Issued: February 10, 2016

Region 1 Director presenting the Chapter certificate to the QU ASCE officers and advisor. From right to left: Kevin Crupi (Secretary), Paige Wilber (President), Len Chilli (ASCE Region 1 Director), Matthew Zaskey (Treasurer), Lauren McMahon (Vice-President), Professor John Greenleaf (Chapter Advisor).

ASCE (National) President-Elect candidates Robin Kemper (Back Left) and Kristina Swallow (Front Left) talking with ASCE chapter officers Paige Wilber and Kevin Crupi and Professor Ari Perez
The CSCE Younger Members Group has its own Facebook Page.

Connect now!!

**Special Offer on ASCE Webinars for Connecticut Section Members**

Did you know that as a Connecticut Section member you get a discount on ASCE National Webinars? Plus some of the registration fee comes back to help fund other Section activities!

---

**ASCE has granted the state its first institute.**
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE?
Are you interested in being a committee member or serving on the CSCE Executive Board?
We are looking for people like you!
Contact our 2015-2016 President Gary Fuerstenberg at president@csce.org to find out how you can get more involved.

Together we can make
“A Better World by
Design”!!
Any and all involvement is WELCOME!!

Please join us in welcoming the 2016-2017 officers at ACE awards, May 11th

Slate of Officers

Director 2 – Kassim Tarhini, PE
Director 1 – Gary J. Fuerstenberg, PE
President – Hudson Jackson, PE
Pres-Elect – Chris Beaulieu, PE
Vice-President – Dave Chapman, PE
Secretary – David Semnoski, PE
Treasurer – Bob Gomez, PE

CSCE invites you to participate in CSCE's Ninth Annual Achievement in Civil Engineering ("ACE") Awards program where CSCE will honor the planning, design, and construction achievements of Connecticut Civil Engineers. These Awards, which will be given out at CSCE's dinner event on **May 11, 2016, at the Aqua Turf Club in Plantsville, Connecticut**, will commend projects on which significant engineering expertise or innovation was exhibited. The ACE Awards will distinguish these projects, and thereby honor the overall contributions of numerous engineers and other team members. The project categories include: Environmental, Geotechnical, Planning, Structural, Transportation and Water Resources. Please click on the links below to apply for, register or sponsor the 2016 ACE Awards.

ACE Awards Project Application  (due March 31, 2016)

ACE Awards Registration & Sponsorship Form

ASCE Connecticut Section Individual Civil Engineering Awards  (Application Form ~ due April 20, 2016)

The CSCE Board is now accepting nominations for the following three individual awards that will be presented at the Annual ACE Awards Dinner in May. These awards will recognize ASCE/CSCE members for their outstanding contributions to the Civil Engineering profession. Anyone can nominate an individual who best exemplifies the Civil Engineering profession. The nominees must work and/or reside within the State of Connecticut.

**Awards Categories:**

1. **Civil Engineer of the Year** (Private or Public). Nominees must be an ASCE member, a Professional Engineer practicing for at least ten (10) years in Connecticut and have demonstrated innovation and significant contributions in advancing the Civil Engineering profession.

2. **Young Civil Engineer of the Year** (Private or Public). Nominees must be an ASCE member, a Professional Engineer, and 35 years of age or younger by February 1, 2016.

3. **Civil Engineering Educator of the Year**. This award is presented to an outstanding educator who has demonstrated excellence and innovation in effective teaching and learning; contributed substantially in educating future engineers; and/or has advanced research topics in the field of Civil Engineering. The educator must be affiliated with an educational institution in Connecticut.
Younger Member Dunkin Donuts Stadium Construction Tour: —
The Younger Member group took a construction site tour of Hartford’s new Dunkin Donuts Stadium in construction in November. Thank you to Centerplan for hosting this interesting event.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor-2016@csce.org
Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers@csce.org.

Oppose a Sales Tax on Engineering Services!

The Connecticut General Assembly's Finance Committee has approved legislation (SB 946) that would expand the state sales tax to engineering services. Other professional services are also included in this bill, such as architectural services.

If passed, this bill will raise costs for those seeking engineering services in Connecticut, increase construction costs, and likely slow the growth of construction development, manufacturing, and engineering in the state. It will result in engineering firms located outside of Connecticut having a competitive cost advantage over local engineering firms.

Visit ASCE’s website to read background on the issue and send a message to your state legislators today!

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

Institutes
IMPROVING THE NATION’S INFRASTRUCTURE

2013 REPORT CARD FOR AMERICA’S INFRASTRUCTURE

ASCE’s 2013 Report Card for America’s Infrastructure gives the market a straightforward, overall grade of D+ using eight grades for overall infrastructure and several grades for specific sectors. It’s a call to action for leaders, the media, and the public with expert advice from the civil engineering community about the condition of our nation’s infrastructure. The report grade is not a final report card; rather, it is a call to action for critical infrastructure needs.

www.infrastructurereportcard.org

RAISE THE BAR INITIATIVE

ASCE supports enhancing the preparation of future licensed civil engineers for the complex challenges facing 21st century society. The organization raises the bar for professional practice so that future civil engineers can better protect the public’s health, safety, and welfare.

www.asce.org/raise-the-bar

RECOGNIZING EXCEPTIONAL ACCOMPLISHMENTS

FELLOWSHIP AWARD

ASCE follows the tradition of recognizing individuals who have made exceptional contributions to the engineering profession through innovation, education, advocacy, and leadership. The Fellows program recognizes individuals who have demonstrated significant achievements and contributions to the profession. The Fellows designation is the highest honor ASCE can bestow.

www.asce.org/fellows

OUTSTANDING MEMBERSHIP

The highest honor a civil engineer can aspire to is Fellowship. More than 30,000 ASCE Fellows have been elected since the establishment of the program in 1894. Fellows are elected for their distinguished service to the profession. ASCE Fellows are recognized for outstanding contributions to the profession.

www.asce.org/fellows

NOMINATIONS AND AWARDS

Each year, ASCE recognizes more than 300 outstanding individuals through its awards program. These include the highest honor, the Henry D. Kirk Award, and many others.

A Better World By Design

April 2016

Cardinal Engineering Associates, Inc. a growing consulting civil engineering firm located in central Connecticut celebrating its 54th year in business is seeking the following: Structural (Bridge) Engineers, Resident Engineers, Chief Inspectors, and Inspectors to provide resident engineering services for a variety of roadway, bridge, sanitary sewer and other infrastructure projects in Connecticut. Cardinal has a backlog of 10 bridges in design or construction in 2016.

Resident Engineers should have a B.S.C.E. with at least 6 years' experience in construction. The Chief Inspectors and Inspectors should be a B.S.C.E. or NICET III or NICET IV with 5 years' experience.

Structural Engineer: Bridge Engineer with a BSCE and four years' experience in the design of highway bridges for CTDOT. Experience with AutoCAD Civil3D and/or Bentley Microstation is required.

Senior Structural Engineer: Structural Engineer with a BSCE and a minimum of eight (8) years' experience in the design of highway bridges for CTDOT and a CT P.E. license. Experience with AutoCAD Civil3D and/or Bentley Microstation is required.

Chief Structural Engineer: Structural Engineer with a BSCE and a minimum of ten (10) years' experience in the design of highway bridges for CTDOT and a CT P.E. license. Experience with AutoCAD Civil3D and/or Bentley Microstation is required.

Cardinal offers a comprehensive benefits package which includes a competitive salary Health, Disability and Life Insurance and a 401K plan. Equal Opportunity Employer.

Call 203-238-1969 or email resume to: jac3@cardinalengineering.com

Michael Baker International has immediate needs for:

- Senior Project Manager, Highways/Structures - Rocky Hill, CT
- Architect/Senior Architect - Rocky Hill, CT/Waltham, MA
- Bridge Engineers - Rocky Hill, CT/Waltham, MA
- Bridge Inspection/Load Rating - Rocky Hill, CT/Warwick, RI

To learn more about Baker or these opportunities visit our website at www.mbakerintl.com.

Baker is an EEO/Affirmative Action Employer - M/F/Disability/Veteran/e-Verify, EEO is the Law
AI Engineers, Inc. - Senior Civil Engineer - Job Posted: February 22 2016
AI Engineers, Inc. (www.aiengineers.com) is seeking a Sr. Civil Engineer with 7 to 10 yrs. of experience related to the design of roadways/highways, stormwater and sanitary systems. PE license and B.S. in Civil Engineering is required. Must be well versed in AutoCAD Civil 3D, MicroStation, and Utility Modeling Software, with proven leadership experience. We offer a competitive salary and benefits. Submit resume to hr@aiengineers.com. AA/EOE

Allied Engineering - Civil Engineer, Structural Engineer and/or Surveyor - Job Posted: February 2 2016
A Civil Engineer, Structural Engineer and/or Surveyor is needed for Allied Engineering, a family friendly civil engineering firm in North Canaan, CT. Our firm provides site development, structural engineering, architectural engineering, and landscape architecture services for residential, commercial, municipal and industrial clients in CT & MA. Candidates should have a minimum of 3 years of engineering experience and experience with AutoCAD. Please email cover letter and resume to George Johannesen at allied-engineering@snet.net.

S.E. Minor - Professional Engineer - Job Posted: February 2 2016
S.E. Minor, a 130-year-old CT civil and environmental engineering and land surveying company seeks an experienced PE to manage full lifecycle projects in both commercial and residential development. Candidate should have minimum 5 years experience, good people and communication skills, and preferably proficient in AutoCAD Civil 3D and HydroCAD. Competitive salary and benefits. Candidates please forward resumes to resumes@seminor.com.

S.E. Minor - Staff Engineer - Job Posted: February 2 2016
S.E. Minor, a 130-year-old CT civil and environmental engineering and land surveying company seeks a staff engineer to work on full lifecycle projects in both commercial and residential development. Candidate should have minimum 2 years experience, good people and communication skills, and preferably proficient in AutoCAD Civil 3D and HydroCAD. Competitive salary and benefits. Candidates please forward resumes to resumes@seminor.com.

TPA Design Group - Civil Engineer - Job Posted: January 20 2016
TPA Design Group is a dynamic multi-disciplinary consulting firm with over 70 years of continuous service to clients throughout New England.

We are seeking a Connecticut PE with a minimum of five years of practical experience including hydrology, storm drainage and sanitary sewer design, utility layout, site and roadway layout, grading and erosion control. Must demonstrate supervisory skills, ability to communicate with and direct coworkers, team with other professional disciplines and interact with clients and the general public. Full competency with AutoCAD Civil 3D and Hydrologic/Hydraulic modeling software required.

Salaries and benefits are open and will be negotiated based upon applicant's experience. Send resume, including salary history and requirements in confidence to: Personnel Director, TPA Design Group, 85 Willow Street, New Haven, CT 06511. For more information, please contact David Golebiewski - david@tpadesigngroup.com
B-Cubed Engineering llc - Structural/Project Manager - Job Posted: October 30 2015
