Dear CSCE Members,

As this first month of 2017 draws to an end, there is a lot to look forward to this year. With the 45th President now in office, there will be better indications on how the civil engineering community will be affected by new policies and legislations. Hopefully, the new Administration will support more investments in the civil engineering infrastructure throughout the country. It is our duty to continue to actively advocate for better investment and improvement of our infrastructure. This is a good time to get more involved.

We are now receiving applications for the Achievements in Civil Engineering (ACE) as well as nominations for individual awards in several categories. The awards dinner will be on 10 May at the Aqua Turf Club. These ACE Awards will commend projects on which significant engineering expertise or innovation was exhibited by Connecticut Engineers and especially CSCE members. Also, the annual geotechnical workshop planned for 7 April at the University of New Haven. Please visit our website for more details.

ASCE National will release the Dream Big movie in February 2017 during Engineering Week. The Dream Big trailer, opening dates by city and state can be viewed at www.dreambigfilm.com. One of the opening locations in Connecticut is the Maritime Aquarium in Norwalk on 17 February. The Outreach Coordinator is Gwen Hearn and she is trying to match engineering professionals to museums in order to engage with the local engineering community. If you are interested, please contact her via email at Gwen@DiscoverE.org or Tel: 703-684-2861.

Thank you for your continued support and hope to see you at future events.

Hudson Jackson, PhD, P.E., Dipl-Ing, M.ASCE
CSCE President, 2016-2017
Special Offer on ASCE Webinars for Connecticut Section Members

Did you know that as a Connecticut Section member you get a discount on ASCE National Webinars? Plus some of the registration fee comes back to help fund other Section activities!

ACHIEVEMENT IN CIVIL ENGINEERING (ACE) AWARDS PROGRAM

The 10th Annual Achievement in Civil Engineering (ACE) Awards will be held at the Aqua Turf Club in Plantsville on Wednesday, May 10, 2017. CSCE invites engineering firms to submit an application and participate in this Awards event where CSCE will honor the design and construction achievements of Connecticut Civil Engineers. The ACE Awards will commend projects on which significant engineering expertise or innovation was exhibited by Connecticut Engineers and especially CSCE members. The ACE Awards will distinguish the projects, and thereby honor the overall contributions of numerous engineers and other team members. The project categories include Environmental, Geotechnical, Planning, Structural, Transportation and Water Resources.

The CSCE Board is also accepting nominations for the following ASCE Connecticut Section Individual Civil Engineering Awards: Benjamin Wright Award, Civil Engineer of the Year (Public or Private), Young Civil Engineer of the Year (Public or Private), Civil Engineering Educator of the Year and Employer of the Year. These awards will also be presented at the ACE Awards and will recognize ASCE/CSCE members for their outstanding contributions to the Civil Engineering profession. Please consider submitting a nomination today! All applications are due March 31, 2017.
For those wishing to volunteer and/or participate as a judge for these events, please contact the ASCE Student Chapter at the University of Connecticut at the following email: ENGR-ASCEConference@uconn.edu
For those wishing to volunteer and /or participate as a judge for these events, please contact the ASCE Student Chapter at the University of Connecticut at the following email: ENGR-ASCEConference@uconn.edu
UPCOMING CSCE DINNER MEETING:

**Topic:** Route 8 Bridgeport Design-Build, Accelerated Bridge Construction Techniques

**Date:** Tuesday, January 31st 2016  
**Time:** 5:30PM to 9:00PM

**Co-Sponsors:** Structures Technical Group and the ASCE Student Chapter at CCSU

**Speaker:** Tom Laliberte, Parsons Brinckerhoff, Justin Gill Manafort Brothers and Andrew Cardinali, CTDOT.

Manafort Brothers, Inc. and WSP|Parsons Brinckerhoff teamed together to complete CTDOT's first design-build project, Route 8 in Bridgeport. The project included:

- The replacement of four bridge superstructures;
- Infilling of 10 bridge spans;
- Construction of retaining walls;
- Rehabilitation of a 570-foot long bin wall;
- Various pavement and intersections improvements.

To minimize impacts to the travelling public and abutters, ABC techniques were used in conjunction with MP & T to reduce the majority of the construction to take place within two 14-day crossover stages. Some ABC techniques utilized include:

- Accelerated demolition;
- Prefabricated bridge units (PBUs);
- Precast substructure elements.

To reduce future maintenance requirements, weathering steel was utilized and bridge joints were eliminated through the use of link slabs and semi-integral back walls.

**Location:** Connecticut Room, First Floor, Memorial Hall, Central Connecticut State University (CCSU), 1615 Stanley Street, New Britain, CT

Please register to attend this dinner meeting by clicking on the following link: [http://events.constantcontact.com/register/event?llr(rvve7pkab&oeidk=a07edm8scrgad6f6d4a](http://events.constantcontact.com/register/event?llr=rvve7pkab&oeidk=a07edm8scrgad6f6d4a)
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE? Are you interested in being a committee member or serving on the CSCE Executive Board? We are looking for people like you! Contact our 2016-2017 President Hudson Jackson at president-2016@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!

Any and all involvement is WELCOME!!

---

Upcoming CSCE Events

March 15 ~ Monthly Dinner Meeting sponsored by the Fairfield County Branch of CSCE
Location: Local Kitchen & Beer Bar, Fairfield, CT
Topic: I-95 Reconstruction in Stamford, CT
Speaker: Siefert Associates, LLC

April 5 ~ Monthly Dinner Meeting at the U.S. Coast Guard Academy
Water Resources Topic
Co-Sponsors: Water Resources Committee and the ASCE Student Chapter at the USCGA

April 7 ~ CSCE Spring Geotechnical Workshop ~ Topic: Connecticut Valley Varved Clay
Location: University of New Haven

May 10 ~ 10th Annual Achievement in Civil Engineering Awards at the Aqua Turf Club in Plantsville
Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”? 

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers-2016@csce.org.

Younger Members on Facebook we have recently created a Facebook page to communicate future Younger Member events. Search for CSCE Younger Members or follow the link https://www.facebook.com/CSCEYM and like the group.

For Members 35 Years or Younger
CSCE Younger Members Committee

The CSCE Younger Members Committee encourages the full professional development of engineers who are 35 years of age or younger and endeavors to increase their participation in CSCE and ASCE activities. Please contact Aaron Foster, Younger Members Committee Chair, at youngermembers-2016@csce.org for more information about the activities of this Committee.

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor-2016@csce.org

Younger Member Trail Clean up: —

Another successful trail project by the Younger Members. Thank you to all that volunteered to improve the hiking trails in Connecticut.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

EMPLOYMENT CLASSIFIEDS

“Our People Make the Difference”

Project Manager (Civil)

Enjoy being an Employee Owner at work!

Come join Loureiro Engineering Associates, Inc. (Loureiro), a fast growing, dynamic and full-service multi-disciplinary engineering consulting firm. Loureiro is a 100% employee-owned (ESOP) Company. Employee ownership is not just simply about increasing the value of the Company, but it’s how we relate to one another and how we work together to share ideas for improvement.

Is this Important to You?

Interested in working with some of the most experienced and knowledgeable professionals in the industry? Looking to grow your career professionally while working on a number of diverse and challenging projects? Do your values align with ours- integrity, client satisfaction, quality, work environment, safety and health, and sustainability?

Need more reasons to join Loureiro?

• Loureiro embodies a culture of taking full ownership- we always have! (Every job and every project is personal to the employee-owners of Loureiro!).

• Competitive compensation; well rounded, comprehensive benefits package; and work/life flexibility.

• Loureiro’s Community Service- employee-owners are committed to contributing to the community in tangible ways, namely through various service projects.

This Opportunity!

We have an immediate need for a Project Manager (Civil) in our Plainville, CT office. The right individual will be responsible for timely, accurate and within budget completion of projects; determining major project design decisions in conjunction with the client; assigning duties to the project team while monitoring progress and maintaining close relationship with the client; and actively participating in marketing the firm’s services. A B.S. degree in Engineering with at least 8 years’ experience in site planning and design; utility design, drainage and storm-water management, land use permitting and roadway design. At least 3 years supervisory experience and a Connecticut PE license are also required.

This position won’t be open long so if this describes you and you would like to be a part of our team, we would like to hear from you. Apply online to Resume@Loureiro.com. Also, check out our website at www.loureiro.com!
