2011 Monthly Dinner meetings

March 8, 2011 – University of New Haven          Construction Technical Group
April 13, 2011 – United States Coast Guard Academy  Geotechnical Technical Group
May 10, 2011 – ACE Awards, Aquaturf, Southington, CT

Costs (for all but the ACE Awards):
 CSCE Members: $35.00
 Unemployed CSCE members: Free
 Non-members: $45.00
 Full-time Students: $5.00

Fairfield County Branch meetings – as announced

---

New CSCE Scholarship for High School Seniors and Current College Students

Beginning this year, CSCE is offering a new educational scholarship, to complement those already offered. This new scholarship will be available to high school seniors accepted in a civil engineering or construction-related program and current college students in those same types of programs. Additional information, including full rules and requirements and the application form, can be found in the “Younger Members” section of the CSCE website [www.csce.org/younger_members.htm](http://www.csce.org/younger_members.htm).

Applications are due March 1st.
As the President of the Connecticut Society of Civil Engineers (CSCE), I invite you to participate in the Fourth Annual Achievement in Civil Engineering (ACE) Awards program. These Awards, which will be given out at our May 10th dinner event at the Aqua Turf in Plantsville, Connecticut, will commend projects on which significant engineering expertise or innovation were exhibited. The project categories include:

- Water Resources/Environmental
- Transportation
- Geotechnical
- Structural
- Construction

Please find information regarding the ACE Awards, how to apply, and sponsorship opportunities for the dinner event below. I look forward to your participation in this wonderful event where several outstanding projects...and the parties who made them possible...will be recognized.

Sincerely,
Rabih M. Barakat, P.E., MBA
President

Applications are due no later than Thursday, March 31, 2011.

Click here to download the project application form or for information on sponsorship opportunities:
http://www.csce.org/awards_ace.htm

Benjamin Wright Award

The Benjamin Wright Award is CSCE’s highest award, presented each year to a civil engineer practicing in Connecticut who has demonstrated outstanding practice his or her career, and made significant contributions to civil engineering. Please consider nominating a deserving colleague. The nomination deadline is Friday, April 8, 2011. There are no forms to fill out – it can be a simple as a letter or as complex as a resume, work experience, etc. The Executive Board will vote to determine the award winner and make the presentation at our annual ACE Awards dinner on May 10, 2011. Candidates will be considered for 10 years following their nomination. Send nominations to any Board Member, Randy States (rtstates@yahoo.com), or Jay Silva (silvajl@silvaengineering.com).
**March 2011 Dinner Meeting**

<table>
<thead>

<th>Date:</th>
<th>Tuesday, March 8, 2011</th>
</tr>
</thead>
<tbody>
<tr>
<td>Location:</td>
<td>The Graduate Club, 155 Elm Street, New Haven, CT</td>
</tr>
<tr>
<td>Sponsor:</td>
<td>CSCE Structures Technical Group &amp; Univ. of New Haven ASCE Student Chapter</td>
</tr>
<tr>
<td>Speaker:</td>
<td>Alyssa Kent, Director of Sustainable Design, Becker+Becker Associates</td>
</tr>
<tr>
<td>Topic:</td>
<td>360 State Street, New Haven</td>
</tr>
</tbody>
</table>

360 State Street is a $190 million [including $145 million in construction costs], 700,000-square-foot building comprising a 25-story residential tower atop a four-story parking garage and 30,000 square feet of ground-floor retail space. It is a model of green design and energy efficiency, with new Energy Star appliances, high-performance insulated windows, and high-efficiency heat pumps with smart programmable thermostats and energy-use remote programming for each apartment; an on-site 400-kilowatt fuel cell that produces clean, renewable power; elevators that capture and reuse their own energy; heat-and-cool-air exchangers on the roof; and electric car-charging stations in the garage.

360 State is one of just three LEED (Leadership in Energy & Environmental Design) Platinum projects – the highest rating from the internationally recognized green-building certification system – in the state.

Representatives of Becker+Becker Associates, Inc., the Fairfield architectural and development firm behind 360 State Street, will present information on the building, along with details of its construction.

Cost: $35 CSCE/ASCE Members; $45 Non-members; Unemployed CSCE Members: Free
$5 Full-time students (or FREE with food donation – see below)

*Please pay at the door with cash or check payable to CSCE*

---

**PLEASE CONTRIBUTE TO THE FOOD DRIVE!**

The Younger Member Group and the University of New Haven student chapter are hosting a food drive! Volunteers from both chapters will collect non-perishable food, such as canned goods and dry groceries, at the door. All proceeds will benefit Foodshare. Foodshare provides food to local partner agencies like community kitchens, food pantries, and senior food programs, all of which, in turn, feed hungry people in each and every town throughout greater Hartford. Please support our efforts to give back to our community with your generous donation. Students who attend the meeting and make a donation to the food drive will get the dinner fee waived.

Reservations: Please contact Amy Petrone by email at admin@csce.org or by telephone at (860) 301-8723 by Thursday, March 3, 2011, **with dinner choice.**

Directions on next page
From North, Hartford Area: Take 91 South - Once in New Haven, take Exit 3, the Trumbull Street exit (see footnote below).

From North, New London Area: Take 95 South (West) to New Haven - then follow signs to 91 North and Hartford & Springfield - once on 91 North take Exit 3, the Trumbull Street exit (see footnote below).

From South, New York, Stamford Area: Take 95 North (East) to New Haven - then follow signs to 91 North and Hartford & Springfield - once on 91 North take Exit 3, the Trumbull Street exit (see footnote below).

Footnote: At end of Exit 3 count the traffic light you are faced with as #1. At the 3rd light take a left on Temple Street. At your next light take a right on Grove Street. At your next light, take a left on College Street. At your next light turn left on Elm Street. The Graduate Club is 150 feet down Elm Street on your left.

Parking: YALE LOT #51 - Parking available behind Club in Yale Lot #51 after 4:00 p.m. Entrance on Temple Street. At end of Exit 3, count the traffic light you are faced with as #1, then proceed straight ahead on Trumbull Street a total of 3 traffic lights. At third traffic light, take a left onto Temple Street, go two blocks (past Grove and Wall Streets). First driveway on right past Wall Street.
Fairfield Branch 20th Anniversary!

2011 marks the 20th anniversary of the Fairfield Branch of CSCE. Many thanks go to Branch President Ronald Hill for his service to CSCE, and to all the members of the branch. Congratulations!

Upcoming Events

February 20 -26, 2011 – National Engineers Week

Tuesday, March 8, 2011 – monthly dinner meeting @ Yale Graduate Club

April 9 – 10, 2011 – Region 1 Spring Assembly/Council Meeting – Albany, NY
   See more information on page 7.

Spring 2011

Save the Date for the new spring Geotechnical Workshop. Tentatively scheduled for May 6, 2011 at the University of New Haven. More information will be available soon.

CSCE is planning to sponsor a subsurface sewage seminar this spring, led by staff from the Department of Public Health. More information to follow.

National Conferences

EWRI 8th Operations Management Workshop – March 1-2, 2011, Atlanta, Georgia

T&DI 2011 First Congress – March 13 – 16, 2011, Chicago, IL

Geo-Frontiers 2011 – March 13 – 16, 2011, Dallas, TX

ASCE International Conference on Vulnerability & Risk Management (ICVRAM)/5th International Symposium on Uncertainty Modeling & Analysis (ISUMA 2011) – April 11 – 13, 2011
University of Maryland, Hyattsville, MD

2011 Structures Congress – April 14 – 16, 2011, Las Vegas, NV

Offshore Technology Conference – May 2 – 5, 2011, Houston, TX

EWRI (Environmental & Water Resources Institute) 2011 Congress –
May 22-26, 2011, Palm Springs, CA

COPRI Solutions to Coastal Disasters 2011 – June 26 – 29, 2011, Anchorage, AK

GeoRisk 2011 – Risk Assessment and Management in Geoengineering –
June 26-28, 2011, Atlanta, GA

WaterSmart Innovations 2011 – October 5-7, 2011, Las Vegas, NV
Visit www.watersmartinnovations.com for more information

141st Annual ASCE Conference – October 20-22, 2011, Memphis, TN

The complete listing of all ASCE conferences is at: http://asce.org/conferences

If you have or know of an event that you would like to include in the newsletter, please send an email to NL-editor@csce.org.

You can also visit our website www.csce.org for a calendar of events.

Subsurface Sewage Disposal System Seminar

CSCE is planning a “septic system” seminar this spring, with instruction provided by staff from the Department of Public Health’s Environmental Engineering Program. The date is still TBD. Look for more information coming soon!
**REGION 1 NEWS**

**Spring 2011 Region 1 Assembly/Council Meeting**

The New York and New England Councils will meet Saturday, April 9, 2011, from 8:00 AM to 12:00 PM. The Region 1 Assembly will meet Saturday, April 9, 2011 from 1:00 PM to 6:00 PM [as required] and Sunday, April 10, 2011 from 7:00 AM to 11:00 AM [as required.] Both meetings will be held at the Albany Marriott, 189 Wolf Road, Albany, NY 12205. Room reservation details to follow. As this is our Spring "business meeting," no technical tours will be offered.

**Region 1 Society Director Nomination Results**

The term of the current Region 1 Society Director [Anthony M. Puntin, P.E., M.ASCE, of New Hampshire] expires in September, 2011. Thus, at the Region 1 Board of Governors meeting held on January 15, 2011, in Portland, ME, a Nominating Committee was convened. As per Article 7 of the Region 1 By-laws, this committee was charged with selecting an Official Nominee.

The Nominating Committee heard presentations from and interviewed the declared candidates; Len Cilli, A.M.ASCE, of New Jersey, and Mark P. Rusnica, M.ASCE, of New York.

Based upon these interviews, and as per Article 7 of the Region 1 Rules [neither candidate received seventy-five percent (75%) or more of the valid votes cast,] both Mr. Cillis’ and Mr. Rusnicas’ names will appear on the 2011 Official ASCE Ballot.

Should you have any questions pertaining to the candidates, or the process detailed above, please contact Billy Cunningham, Region 1 Governor, at 203-723-5830 x-22.
Sustainability Rating System Under Development
ASCE, Partners Launch Institute to Administer Program

http://www.asce.org/Sustainability/ISI-Rating-System/

Infrastructure designers and developers who apply sustainable techniques and materials will soon be able to submit their projects for official verification as "sustainable," under a new rating system being developed in part by ASCE. As a key part of its mission to advance sustainable practices, the Society has joined with the American Council of Engineering Companies and the American Public Works Association to launch the system, and to create a new, independent non-profit organization to administer it, the Institute for Sustainable Infrastructure. Although it will be similar to other “green” ratings systems, no other U.S. programs currently fulfill the need for a system focused on civil infrastructure. In this vein, ASCE is establishing the Sustainability in Civil Engineering Award, honoring a project demonstrating innovations in sustainability that can inspire future sustainable practices and enhance public understanding. For this first award, projects developed or implemented between 2005 and 2011 that have not been candidates for the Outstanding Civil Engineering Achievement Award are eligible. Submit nominations to ASCE's Honors and Awards Program office by June 1.

ASCE News is now digital only

Beginning with the January 2011 edition, ASCE News will only be published in electronic format. The digital edition will be made available for viewing and downloading by ASCE members each midmonth, at about the same time the print editions arrived in the mail. For more information, click here: www.asce.org/PPLContent.aspx?id=12884903142

To read all editions of ASCE News, go to: www.asce.org/ascenews.

Fax: 703-295-6335

EMPLOYMENT OPPORTUNITIES

Roald Haestad, Inc.: Civil Engineer / Resident Engineer - Consulting Civil Engineering firm in Waterbury, Connecticut is seeking a Civil Engineer / Resident Engineer with 2-5 years experience in construction and knowledge of surveying. Duties will include assisting in field surveys; construction observation (resident project representation) for sanitary sewer, pumping station, water main, and dam construction projects; reviewing shop drawings; quantity computations; soil testing and general office work. A bachelor’s degree in Civil Engineering or related field is required as well as excellent communication skills both verbal and written. Please mail, FAX (203) 575-9249, or e-mail resume to Roald Haestad, Inc., 37 Brookside Road, Waterbury, Connecticut 06708, rhi@rhiengineering.com (203) 753-9800. An Affirmative Action/Equal Opportunity Employer.

Cardinal Engineering Associates, Inc. is seeking a Resident Engineer and Chief Inspector to provide resident engineering services for a variety of roadway, bridge, sanitary sewer and other infrastructure projects in Connecticut. Resident Engineers should have a B.S.C.E. with at least 10 years experience in construction. The Chief Inspector should be a B.S.C.E. or NICET III or IV with 10 years experience. Please email your resume to Joseph A. Cermola, III, P.E. at jac3@cardinal-engineering.com.

STV Incorporated is recruiting for Construction Inspection positions in CT and Metro NYC locations. Positions include Resident Engineers with current PE license; Office Engineers with NICET 3 or 4; Chief, Senior, and Junior level inspection personnel with NICET certification. For opportunities, please contact Samuel Scozzari PE, Manager of Construction Services, samuel.scozzari@stvinc.com

Michael Baker Jr., Inc. (Baker) is recruiting for Structural Engineers with Bridge Inspection or Load Rating experience to work on projects in CT, MA and RI. Requirements include a BS Civil Engineering, a minimum of 5 years of relevant experience with CDOT, MassDOT or RIDOT; EIT required; CE positions require PE. Bridge Inspection positions require NBI standards experience; Load Rater positions prefer experience with AASHTO, Virtis, and Brass-Culvert/Girder. For more information on these positions, please visit the Career section of our website at www.mbakercorp.com. Baker is an EEO/AAP (M/F/V/H) e-Verify Employer

Allied Engineering Civil Engineer needed for family friendly civil engineering firm in North Canaan, CT. AutoCAD experience required. Please email cover letter and resume to George at allied-engineering@snet.net.
Malcolm Pirnie, Inc. is seeking an experienced project engineer in Middletown, CT with strong technical skills in developing detailed design documents for municipal water and wastewater treatment facilities requires five to ten years experience. A strong working knowledge of CADD to produce design drawings is required. Contact Thomas A. Loto, P.E., BCEE at tloto@pirnie.com.

Malcolm Pirnie, Inc. is seeking an entry level engineer in Middletown, CT to assist with detailed design for municipal water and wastewater treatment facilities including the development of engineering reports and construction documents. Knowledge of CADD to produce design drawings is a plus. Contact Thomas A. Loto, P.E., BCEE at tloto@pirnie.com

HRP Associates, Inc. is seeking Environmental Compliance Specialists for our office in Farmington, CT. Requirements: 2-5 yrs. experience, BS degree in environmental engineering or related, good communication skills, proficiency in MS Office. Experience with ISO14000 environmental management systems is a plus. Contact: Howard S. Hurd, CPG, LEP, howard.hurd@hrpassociates.com

CT Department of Transportation (DOT) has posted continuous recruitment notices for various Transportation Engineer I, II, & III examinations open to the public. In order to apply for a job with these titles, an individual must have taken and passed the appropriate exam. Visit the Department of Administrative Services (DAS) website at http://das.ct.gov and click on “Employment Connections” for information.

“Civil Engineer” has been ranked as one of America’s Top 10 jobs – read more here: http://www.asce.org/Content.aspx?id=12884902060

Save the Date! 2011 Geotechnical Workshop

The CSCE Geotechnical Committee is planning a Geotechnical Workshop this coming spring. Tentatively scheduled for May 6, 2011 at the University of New Haven, the planned topic is “Reinforced Soil Walls and Slopes”. Professional Development Hours will also be offered.

Look for more details in upcoming newsletters and on the CSCE website as they become available.

NOTICE TO PAST PRESIDENTS

Hopefully you received a notice in January by email that we are attempting to assemble the Past Presidents Council. We will soon propose a start-up and reunion meeting in central Connecticut to set our agenda and discuss ideas. We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the January notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at nault@luchs.com. Looking forward to getting this body of CSCE knowledge and ideas together.

Ronald Nault, P.E.
Director I and CSCE Past President
National Engineer’s Week – 60th Anniversary!

April 2011 Monthly Dinner Meeting

Wednesday, April 13th @ the United States Coast Guard Academy Officers’ Club, New London – 5:30–9 pm

Speaker: Joseph C. Drumheller, P. G.
President & CEO of Densification, Inc.

Topic: Dynamic Compaction & Ground Improvement

Coordinated by the Geotechnical Technical Committee

Mark your calendars: September 10th

History & Heritage News

Engineering Landmark Nomination – We Need Your Help!

The History and Heritage Committee is preparing to nominate the Farmington Canal / Canal Road / bike trail for an ASCE Engineering Landmark. The alignment originally linked New Haven and Northampton through Cheshire, Farmington, Suffield, Westfield, MA as an inland waterway. Canal construction was largely completed by 1827, operated for 20 years at a financial loss, then transformed almost overnight to become a railroad. The “Canal Road” railroad was more of a success. The railroad has been supplanted by roads, then modern highways and much of the alignment has become a rail trail for recreational purposes.

The New Haven-Northampton alignment is a microcosm of the history of civil engineering, was a hands-on “college” of engineering for early Connecticut and United States engineers and surveyors, and a contributor to Connecticut’s and Massachusetts’ economic development throughout the 19th and 20th centuries. The transportation alignment has served many functions over its many years of existence.

To prepare this application the Committee seeks help for a number of tasks. We are looking for people that would like to research any of the following areas:

- Literature Research on the Farmington Canal / railroad
- Historic photographs of the canal, railroad and rail trail in use
- Photographs of the existing condition
- Documentation of the owners (Towns?, DOT?, non-profits?)
- Documentation of economic development resulting from the canal, rail, and trail
- Sources of information such as town historical societies, libraries, and private collections
- Preparation of the application

If any of these tasks are of interest, or if you would like to suggest another area to develop, please contact:

Randy States at rtstates@yahoo.com
Billy Cunningham at vicepresident@csce.org

The national History and Heritage Committee accepts applications at any time. This committee would like to submit our application April or May 2011. We have some material now and we need your help. Thank you.

Randall T. States, P. E.
History & Heritage Committee

For more information on ASCE History & Heritage and the Historic Civil Engineering Landmark Program, visit www.asce.org/history.
ASCE’s Honors and Awards program recognizes the commendable achievements and remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society. Below is sampling of awards by nomination date.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit [www.asce.org/awards](http://www.asce.org/awards).

**March 1**

Civil Government Award
Edmund Friedman Award for Professional Recognition
Parcel-Sverdrup Civil Engineering Management Award

**May 1**

Alfred Nobel Prize

**June 1**

OPAL – Outstanding Projects and Leaders
OCEA – Outstanding Civil Engineering Achievement
Ralph B. Peck Award
H. Bolton Seed Medal
The Professional Practice Ethics & Leadership Award

Established in 1999, these prestigious awards recognize and honor outstanding civil engineering leaders whose lifetime accomplishments and achievements have made significant differences in one of five categories: Construction, Design, Education, Government, and Management.

For a list of winners and finalists, visit: [http://www.asce.org/opal](http://www.asce.org/opal).

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit [www.asce.org/awards](http://www.asce.org/awards).
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

</table>

Employment Classified Ads of five (5) lines or less (subject to editing) for in-state positions are published free of charge as a professional courtesy to our membership. We anticipate publishing at least eight issues per year. There are approximately 1600 subscribers to the CSCE Newsletter.

If you are interested in placing an ad, send an email to Amy Petrone, CSCE Administrative Assistant, at admin@csce.org.
