Dear CSCE Members.

It has been an honor and privilege to have served as your President over the past year. I hope I met your expectations! Having been on the board for a few years, I was certainly aware of all the great work that those who volunteer their time do for CSCE. But as President, whether you try to anticipate it or not, you feel that greater responsibility, and become so much more appreciative of the time and effort everyone puts in.

I want to thank all the many Past Presidents, and others, for the great advice that they have given me. It has helped immensely to quell anxiety that I may not be doing something right, or not doing enough!

I am sure the coming year will be just as exciting, and maybe even more so – CSCE will be in great hands with Kassim Tarhini as President! After a few years being short, we will once again have all board positions filled, which is always what we strive for. That’s what has kept CSCE going for 130 years!

There are still a few upcoming events to highlight beyond the ACE Awards dinner. On Saturday, May 31st, the Younger Member Committee has again coordinated a trail upgrade project with the CT Forest & Parks Association. This year we will be at the Highlawn Forest building bog bridges – now that’s right up our alley! Following that, our annual golf tournament will take place on Friday, July 25th at Timberlin in Berlin. This year we will be partnering with ITE, so it will be bigger and better than ever! And look for future announcements about the usual Younger Member baseball game outing.

Again, I want to thank you for having been given the opportunity to be President. I look forward to staying involved in the years ahead and seeing many of you on Tuesday at the ACE Awards!

Sincerely, Sara A. Ramsbottom, P.E., M. ASCE
Younger Members News

The CSCE Younger Members Group will be releasing their Twitter page soon! An email will be sent with the handle name when everything is up and running. Make sure to follow us! #YMRock!

For now you can follow ASCE’s CYM feed @CYM_ASCE.

The 7th Annual CSCE Achievement in Civil Engineering Awards are on Tuesday, May 13th! Have you signed up yet??

2014 CSCE Student Award Winners!

Awards for Outstanding Civil Engineering Student:

Pearse McManus—University of Connecticut
Malissa Carvalho—University of Hartford
Scott Coull—U.S. Coast Guard Academy
Jessica Glade—University of New Haven
Charles Grillo—Central Connecticut State University

Student Civil Engineering Scholarship Awards:

Alexandra Hain—University of Connecticut
Camilo Franco—Central Connecticut State University
William Nicolle—University of New Haven
Elizabeth Surgent—U.S. Coast Guard Academy
Vannesa Kello—Central Connecticut State University (Construction Scholarship)

Congratulations to All!
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE?
Are you interested in being a committee member or serving on the CSCE Executive Board?
We are looking for people like you!

Contact our 2013-2014 President Sara Ramsbottom at president@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!
Any and all involvement is WELCOME!!

Members of the 2013-2014 CSCE Executive Board

Upcoming Events (Please Note the Change in Venue Order)

May 13, 2014—7th Annual CSCE ACE Awards, Aqua Turf Club, Plantsville
May 31st—2nd Annual YM Trail Cleanup

An Important Message from the CSCE Treasurer

Dear CSCE Members,

CSCE section dues have not increased in several years. In fact it has been so long since an increase in dues has occurred that nobody on the CSCE board and select past-presidents can recall the last increase. Furthermore, at the request of the CSCE board, ASCE confirmed that CSCE dues have not increased since ASCE began tracking section dues in 2005.

The CSCE board estimates that section dues have not increased in 15 to 20 years. Clearly, the cost of goods and services has increased over the past decade or two while CSCE Section dues have remained constant. This is a tribute to previous CSCE boards and their dedication to managing the Section’s ever-increasing annual costs while maintaining the low-cost of membership.

However, despite the efforts made to manage income and expenses over the past 15 to 20 years, CSCE cash reserves have fallen well below the ASCE recommended thresholds levels. ASCE recommends cash reserve on the order of half the Section’s operating budget. CSCE cash reserves have fallen to about 25% of the Section’s operating budget.

CSCE section dues are nearly the lowest in the country. Maintaining CSCE dues at the current $20 per year is not sustainable for CSCE. To reverse the falling cash reserve trend, the CSCE board voted to recommend increasing CSCE section dues by $10 (from $20 to $30 annually.)

To implement the proposed CSCE dues increase, current CSCE members must approve the change to the bylaws. You will receive an email message containing a link for electronic voting on this issue.

Feel free to contact the CSCE board to discuss this matter. The CSCE board looks forward to your support. I look forward to seeing you at the ACE Awards banquet on May 13, 2014, at the Aqua Truf in Southington (Plantsville), Connecticut.

Sincerely,
Gary J. Fuerstenberg, P.E., M. ASCE

2014 ACE Awards

Dear Colleague:

As the President of the Connecticut Society of Civil Engineers, I invite you to participate in CSCE’s Seventh Annual Achievement in Civil Engineering (“ACE”) Awards program where CSCE will honor the planning, design, and construction achievements of Connecticut civil engineers. These Awards, which will be given out at CSCE’s May 13, 2014 dinner event at the Aqua Turf Club in Plantsville, Connecticut, will commend projects on which significant engineering expertise or innovation was exhibited. The ACE Awards will distinguish these projects, and thereby honor the overall contributions of numerous engineers and other team members. The project categories include:

- Planning
- Geotechnical
- Structural
- Transportation
- Water Resources
- Environmental

On the following page, please find information regarding the sponsorship opportunities for the dinner event. Please show your firm’s support by returning these forms to: Connecticut Society of Civil Engineers, P.O. Box 1101, Deep River, CT 06417. You may contact Amy Petrone, CSCE Administrative Assistant at admin@csce.org or at (860) 301-8723 if you have any questions about the 2014 ACE Awards.

I look forward to your participation in this wonderful event where several outstanding projects – and the parties who made them possible – will be recognized.

Sincerely,

Sara Ramsbottom, P.E.
President

USPS Address: P.O. Box 1101, Deep River, CT 06417  –  860-301-8723  –  E-Mail: admin@csce.org – Internet: www.csce.org
The ASCE Rhode Island Section will be hosting its Annual Dinner Meeting on Thursday, May 15th at the Squantum Association in East Providence. You may recognize their notable speakers! Dr. Norma Jean Mattei of ASCE (and University of New Orleans) will speak about the Flood Control of the Mississippi and 2015 ASCE President, Dr. Robert Stevens will also speak.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to nl-editor@csce.org
EMPLOYMENT CLASSIFIEDS

AECOM - Experienced Bridge Engineer - Job Posted: May 5 2014
Experienced Bridge Engineer needed to join our Transportation Group in Rocky Hill, CT. Work with a well-established and very successful group that offers a diverse range of projects, technical challenges and career development opportunities. * Structural Engineer with 6-12 years' experience, primarily in bridge design * Experience with CTDOT, MassDOT or other State DOT's * P.E. * Project management skills Apply to www.aecom.com/careers (#89898BR). AECOM is an Equal Opportunity Employer.

AECOM - Professional Engineer I - Water/Wastewater - Job Posted: December 16 2013
AECOM is currently seeking a Professional Engineer I - Water/Wastewater for our office in Rocky Hill, CT. BS in Civil or Environmental Engineering, CT PE License and 5-10 years' experience in design and construction of water/wastewater infrastructure. Must have ability to manage project scope within assigned budget. Please apply on-line to: www.aecom.com/careers (Requisition # 92923BR). AECOM is an Equal Opportunity Employer.

AECOM - Senior Water/Wastewater Design Manager - Job Posted: October 10 2013
Exciting career opportunity to work on the largest and most complex CSO tunnel project in New England (Hartford Metropolitan DISTRICT's South Hartford Conveyance and Storage Tunnel project). This role focuses primarily on design of large diameter municipal sewers and water mains utilizing open cut and trenchless technologies. The position will have tremendous growth potential and the ability to become a technical leader. Minimum Requirements: BS Civil Engineering, Registered PE, 10+ Years of experience in the design of water and/or wastewater pipelines. Please apply online at www.aecom.com/careers (Requisition# 87881BR). AECOM is an Equal Opportunity Employer.

B&B Engineering - Senior Staff Engineer - Job Posted: April 7 2014
B&B Engineering is looking for an ambitious senior staff engineer to help with our growing workload of site/civil and hydraulic engineering. Candidate should possess a BSCE in civil engineering and have 3-5 years experience in similar projects. Experience with AutoCAD, Microsoft Office, excellent client & municipal communication is required. Email cover letter and resume to contact@bbengrs.com.

CDM Smith - Civil Engineer 4 - East Hartford, CT - Job Posted: July 2 2013
Lead technical engineer/task manager on CTDOT projects. Min. Reqs.: BS or MS in ABET accredited engineering program plus 5-7 years of experience; Experience with CTDOT standards, Microstation/Inroads & roadway design Preferred: PE/EIT or the ability to obtain it within 18 months (P.E. preferred) & experience with AutoCad Civil 3D & Traffic Signal Design CDM Smith is an equal opportunity employer. Apply online at www.cdmsmith.com/join-us and reference job id#11708BR.

CDM Smith - Sr. Project Manager - Job Posted: May 5 2014
Managing & serving as lead Project Manager on major transportation design projects and opp. in CTDOT, other key markets. Min Reqs: BS or MS in Civil Engineering, 10+ yrs ex. in highway/bridge design, registered CT PE, ex. with CTDOT, prev. client interfacing skills pref. CDM Smith is an equal opportunity employer. More info and apply at https://jobs.brassring.com/1033/ASP/TG/cim_jobdetail.aspxpartnerid=25038&siteid=5220&AReq=13624B R&Codes=asce

DiBlasi Associates is immediate opening for structural engineer with minimum four years building design experience. Revit proficiency required. Experience with RAM Structural System a plus. BSCE and EIT required. Competitive salary and benefits including Medical, Dental, 401K. Firm maintains strong commitment to continuing education and is active in many professional organizations. Email resumes to TomD@DiBlasi-Engrs.com. EOE

Freeman Companies - Construction Inspectors - Job Posted: May 5 2014
Freeman Companies is seeking two full-time construction inspectors to be based out of our Hartford office for CDT projects currently underway. We are seeking one inspector with a NICET Level IV, or equivalent, and one inspector with a NICET Level II. Preferred candidates will be familiar with CDT procedures and be knowledgeable in all aspects of roadway construction. Salary commensurate with experience. Please send resume to Patricia Kirkwood at pkirkwood@fremancos.com.

Heller and Johnsen - Geotechnical Engineering - Job Posted: January 29 2013
Heller and Johnsen is a geotechnical engineering firm located in Stratford, Connecticut. Our work area includes Connecticut and Metropolitan New York. We are seeking a recent BSCE or MSCE graduate with an interest in geotechnical engineering. The position involves a variety of field work, and some design depending on the abilities and interests of the individual. Email resume to ljohnsen@hellerjohnsen.com.

Continued on page 16
NOTICE TO PAST PRESIDENTS

Hopefully you received a notice by email that we are attempting to assemble the Past Presidents Council (PPC). We have received very favorable responses to getting the PPC going. Please contact our Administrative Assistant Amy Petrone at 860-301-8723 or email at admin@csce.org if you didn’t receive the notice. If you have any specific issues or great ideas for the PPC to consider, email them to me at director-ii@csce.org. Looking forward to getting this body of CSCE knowledge and ideas together.

Jason Waterbury, P.E.
Director II and CSCE Past President

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.
The Pennsylvania Department of Transportation recently completed a $200 million project to rehabilitate the wrecked of drone bridge in Philadelphia that supported an important road network around the city’s 30th Street Station, the state’s main rail hub in the nation. The project involved repairing and retrofitting, and modernization of the original structure, which had been in service for over 50 years, and resulting in a new, state-of-the-art bridge.

The project was initiated in 2009 after a major storm caused extensive damage to the bridge. The damaged bridge was replaced with a new, more modern structure that is better able to withstand future storms.

This is an example of a civil engineering project that has a supporting role. More information on this project can be found in the April 2014 issue of ASCE’s Civil Engineering Newsletter.
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

2013-2014 MEMBER RESOURCE GUIDE

101 WAYS TO BENEFIT FROM ASCE

The home for civil engineers and the civil engineering profession.

NO. 50

The Engineering Income and Salary Survey
www.csce.org/salary

Are you getting paid what you’re worth or among those who need to attract top talent to your business? Now you can find out using the profession’s definitive source for engineering salaries.

Online, real-time, the United States Regional Civil Engineer Salary Compensation Survey screens more than 150 disciplines and the salaries, benefits, and benefits-related benefits of more than 30,000 engineers. Complete your survey today at www.csce.org and get two FREE reports with salary information for your employment level in your region of the country and a list of the highest-paying U.S. geographic regions.

“The ASCE real-time electronic salary survey enables us to consider the most current market information when making important compensation policy decisions.”

KATHY CAINWELL, TFL, P.E., PRES. ASCE, I. PRESIDENT, CAINWELL CAINWELL, INC.

NO. 55

National Engineers Week (EWeek) Events

Each February during EWeek, engineers celebrate the profession they love and strengthen public awareness about the role engineering plays in the world. Celebrate in your community by visiting a classroom, participating in an extracurricular community activity, or engaging a student in civil engineering. Connect ASCE for EWeek resources and tools to help you continue.

NO. 57

Fellow Advancement

ASCE Fellows are exceptional leaders; they have made considerable contributions and have developed creative solutions that change lives around the world. Less than 4% of the Society’s members have achieved this prestigious status. Find out more to determine when you’ll be ready to join them.

ASCE News
The News Source for Society Members

A Better World By Design

NO. 56

ASCE Foundation

Founded in 1954, the ASCE Foundation has raised more than $20 million to enhance the future of civil engineering. The Foundation provides grants to more than 50 programs, including the ASCE Foundation’s EWeek programs. The Foundation funds programs within the following three main areas:

- Strategic initiatives
- Education programs and scholarships
- Communications and outreach

The following programs are featured in this Newsletter:

- 2013 Report Card for America’s Infrastructure
- Congressional Fellows Program
- Diversity and Inclusion Programs
- Envision® Sustainable Infrastructure Rating System
- EWeek/Ice Bowl Cup
- Future to First Edition
- I-12 Outreach Program
- National Concrete Canoe Competition
- National Engineers Week
- West Point Bridge Design Contest
- Annual Conference Keynote Speaker

You may leave a legacy supporting your profession by making a gift to the ASCE Foundation in your will, in a trust, or as a beneficiary of your IRA or insurance policy. Contact the Foundation to find out more.
EMPLOYMENT CLASSIFIEDS (cont’d from page 9)

HRP Associates, Inc. - Environmental Compliance Specialists -
HRP Associates, Inc. is seeking Environmental Compliance Specialists for our office in Farmington, CT. Requirements: 2-5 yrs. experience, BS degree in environmental engineering or related, good communication skills, proficiency in MS Office. Experience with ISO14000 environmental management systems is a plus. Contact: Howard S. Hurd, CPG, LEP, howard.hurd@hrpassociates.com

Roald Haestad, Inc. - Civil Engineer/Resident Engineer - Job Posted: November 25 2013
Consulting Engineering firm in Waterbury, CT is seeking a Civil Engineer with a BS degree and 3 plus years’ experience in design and/or construction of storm drainage, water mains, sanitary sewers, pumping stations, dams, pipelines & culverts; spec writing; soil testing; preparation of design reports; and field surveys.
