PRESIDENTS MESSAGE

Hello! I hope you are all enjoying the summer and taking some time away from your engineering work to relax – chances are you deserve the break. During the summer months when CSCE takes a short break from our regular monthly dinner meetings the executive board uses this time to start planning for the upcoming year. We held our annual planning meeting in June where we set the schedule for our monthly dinner meetings and established a few new goals for the new year. Some of the upcoming events discussed at the planning meeting include a bus trip to see the Red Sox vs. the Orioles, and the DFI geotechnical seminar. Our first dinner meeting of the year to be held on September 20th, at the University of Connecticut and will be hosted by our Structures Technical Group.

Some of our goals for the upcoming year include, speakers at our dinner meetings will tend to focus on the “big picture” and the discussions will not be overly technical. Hopefully this will allow for the meetings to appeal to a broader spectrum of our membership and if the meeting topic is of special interest, we will try to have a follow-up technical meeting where we can issue PDH/CEU’s etc. My personal goal for the year is to better define “engineering” in terms of specific work that requires a Licensed Professional Engineer. All of us who are licensed have worked hard to become licensed, and working with the State Engineering Board of Examiners I would like to send letters to all of the town and state-building officials notifying them of work that must be done by a PE. I have been given too many examples of engineering work being done by non-professionals. We need to work to protect our profession. I am looking for volunteers to help with this cause and would like to hear your thoughts on this issue.

I look forward to meeting many of you in the upcoming year. Enjoy the rest of the summer!

Thomas J. Roy, P.E.
President

TRIP TO FENWAY!!

SEPTEMBER 2, 2005

WATCH THE 2004 WORLD CHAMPION BOSTON RED SOX
VERSUS THE BALTIMORE ORIOLES

GAME TIME: 7:05 PM

PRICE: \$55.00

PRICE INCLUDES:

- 1 TICKET FOR BLEACHER SEATS AT FENWAY PARK
- ROUND TRIP BUS TRANSPORTATION DEPARTING FROM MIDDLETOWN, CT AND ARRIVING AT FENWAY 2 HOURS BEFORE GAME TIME

CONTACT JASON WATERBURY AT 860-635-3400 OR jwaterbury@pirnie.com BY AUGUST 15, 2005

On-Site Graduate Course Offerings Fall 2005
Civil and Environmental Engineering – University of Connecticut

This Fall 2005 semester, the UConn CEE Department will offer graduate-level programs “on-site” at the Manchester, CT offices of *Fuss and O’Neill*. The programs include graduate courses that can be used toward the *Master of Engineering*, *Master of Science* and *Ph.D.* degrees. Courses may be taken non-degree.

The courses are geared toward practicing professionals and the convenient Manchester location of the F&O offices adjacent to I-384 provides easy highway access. Courses will meet once per week beginning at 5pm or 6pm depending on the course. Classes start August 29, 2005 and run through December 8, 2005; no classes during Thanksgiving week.

Evening	Title	Instructor
Mondays 6pm	<u>Transportation Structures Design for Extreme Events</u>	<u>Culmo</u>
Tuesdays 5pm	<u>Geology in Civil Engineering</u>	<u>Bemben</u>
Wednesdays 6pm	<u>Waterborne Pathogens and the Water Supply</u>	<u>Mas</u>
Thursdays 5pm	<u>Traffic Engineering Characteristics</u>	<u>Ivan</u>

For more information –Courses and programs – <http://www.engr.uconn.edu/cee/on-site-program.htm> or
OnSiteCEE@engr.uconn.edu Registration information – ncoogan@engr.uconn.edu
 Location – Fuss & O’Neill, Inc, 146 Hartford Road, Manchester, CT 06040; 860-646-2469
